

# NOTICE ON THE DESIGNATION OF PUBLIC TRANSPORT STOPS AND COMMUTER SHELTERS IN THE CITY OF JOHANNESBURG

The City of Joburg will be rolling out new commuter shelters from October 2012 to all parts of the City and in terms of the Promotion of Administrative Justice Act members of the public are asked to comment on the position of the proposed bus and mini bus taxi stops and the associated commuter shelter. In October and November 2012 the City wants to implement the new commuter shelters near the intersections set out below. Over the next two years all locations in the City will be covered. The roll out of the shelters is a partnership with an outdoor advertising company, Public Transport Media and all shelters will contain an advertising board that will pay for the installation and maintenance of the commuter shelter.
