## 1. INTRODUCTION

1.1 This Policy for the establishment of special rating areas must be read together with the Property Rates Act and the By-Law.

1.2 All words and phrases defined in the Property Rates Act and the By-law have the same meaning in this Policy.

1.3 In the event of any conflict between the provisions of the By-law and the provisions of this Policy, the By-law prevails.

1.4 The Policy should at all times be read together with the City's Rates Policy.

## 2. AIM OF THE POLICY

This Policy aims to –

2.1 set out Council's position on special rating areas and the factors that will influence Council's decision whether or not to determine a particular special rating area;

2.2 provide guidance to members of the local community and to decision makers within the City in relation to the establishment of special rating areas;

2.3 strike an appropriate balance between facilitating self-funded community initiatives that aim to improve and/or upgrade neighbourhoods by making use of a non-profit company ("NPC") structure as contemplated in the Companies Act, which is referred to in the By-law as "the management body"; and ensure commitment to good, fair and transparent governance by the management body as defined in the By-law, by implementing a transparent process when appointing service providers to improve and/or upgrade the special rating area in the public areas and ensuring that these improved and/or upgraded services are not provided for private properties.

## 3. EXCLUSION

This Policy does not apply to privately-owned property developments or to gated developments.

## 4. POLICY STATEMENT

4.1 The special rating area model is based on international best practice. It is aimed at preventing the degeneration of cities and towns and the consequential urban decay, and facilitating their upliftment, economic growth and sustainable development.

4.2 The purposes of a special rating area is to –

4.2.1 enhance and supplement the municipal services provided by the City;

4.2.2 facilitate investment in the special rating area;

4.2.3 facilitate a co-operative approach between the City and the private sector in the provision of municipal services;

4.2.4 halt the degeneration and facilitate the upliftment of distressed business and mixed-use areas; and

4.2.5 promote economic growth and sustainable development and in this way assist the Council in the fulfilment of its objects and developmental duties as set out in its Integrated Development Plan ("IDP").

4.3 The City recognises special rating areas as a potential tool for assisting it to fulfil its constitutional and statutory obligations to allow property owners within a geographical area to improve and upgrade their area by means of a property rate in addition to the standard property rate.

4.4 The City does not see its role as advocating or initiating the establishment of special rating areas, but rather facilitating the process with guidance and advice and assisting and helping to capacitate management bodies.

#### 5. FACTORS CONSIDERED WHEN DETERMINING A SPECIAL RATING AREA

The Council will consider determining a special rating area where the requirements of section 22 of the Property Rates Act are complied with,

including that-

5.1 the purpose of the special rating area is to allow an additional rate to be levied on property in the defined area to raise funds for improving or upgrading the area;

5.2 the special rating area will not be used to reinforce existing inequities in the development of the City's area of jurisdiction;

5.3 the determination of the special rating area is consistent with the City's IDP;

5.4 residential special rating areas mean an area in which more than 40% (forty percent) of the rates base value consists of Residential Property as defined in the City's Rates Policy;

5.5 any residential special rating area must comply fully with the provisions of the By-law, save that, with reference to the majority support, the applicant must provide written proof to the Council that owners of rateable property within the boundary of the special rating area who own not fewer than 65% (sixty percent) in number of such properties, approve the formation of the special rating area;

5.6 any non-residential special rating area must comply fully with the provisions of the By-law, save that, with reference to the majority support, the applicant must provide written proof to the Council that owners of rateable property within the boundary of the special rating area who own not fewer than 50% (fifty percent) plus 1 in number of such properties, approve the formation of the special rating area;

5.7 the procedural requirements of section 22 of the Property Rates Act 4 as well as the By-law and the Policy, are complied with, including the community consultation requirement, as determined by the CFO;

5.8 the proposed improvement or upgrade has been clearly and fully defined;

5.9 the proposed improvement or upgrade can be clearly and logically linked to a geographical area, the boundaries of which can be clearly determined;

5.10 there is evidence that it will be financially viable to use a special rating area to raise funds for the proposed improvement or upgrade;

5.11 the City is satisfied with the institutional arrangements proposed in respect of the special rating area; and

5.12 ultimately, the decision whether or not to determine a special rating area rests with the Council in its sole discretion.

## **6. APPLICABILITY OF THE CITY'S RATES POLICY AND OTHER**

### **POLICIES**

6.1 The City's Rates Policy applies with the necessary changes to this Policy. In particular, and without limiting the generality of the foregoing, the exemptions, rebates and reductions set out in the City's Rates Policy apply with the necessary changes in relation to the levying of an additional rate for special rating area purposes.

6.2 Notwithstanding the provisions of paragraph 6.1 above, when the City grants a partial rebate as set out in the City's Rates Policy, the relevant property owner will be granted a full (100%) rebate in relation to the additional rate.

6.3 Other policies approved by the Council apply with the necessary changes to the collection of additional rates in terms of the Policy, the By-Law and section 22 of the Property Rates Act, including, but not limited to, the City's Credit Control and Debt Collection Policy.

## **7. PROCESS**

This Policy sets out –

7.1 the institutional arrangements for special rating areas (paragraph 8);

7.2 the establishment principles (paragraph 9);

7.3 the information to be included in the business plan which needs to be submitted to the City in order to motivate a request for determination of a special rating area (paragraph 10); and

7.4 the annual requirements for Special Rating Areas (paragraph 11);

7.5 the amendment and/or extension of term for special rating area (paragraph 12 and 13);

7.6 the dissolution requirements which must be followed (paragraph 14);

7.7 the financial arrangements (paragraph 15).

## **8. INSTITUTIONAL ARRANGEMENTS**

Section 22 of the Property Rates Act is not prescriptive as to the structural arrangements which need to be put in place to administer a special rating area. The structural arrangement that will be supported by the City is the following:

### **8.1 Administration by a NPC**

8.1.1 The ratepayers within the special rating area must establish and participate in an appropriate structure to carry out planning, contracting, financial control and administrative functions within the special rating area, in order to manage and implement the services and upgrades.

8.1.2 This structural arrangement does not entail ratepayers setting the additional rate, which under law can only be done by the Council (paragraph 15.1 of the Policy).

8.1.3 Councillors who are actively involved in pursuing and promoting the establishment of a special rating area must recuse themselves when Council considers the application for establishment of a special rating area.

8.1.4 Amongst other reasons, because funds collected by government are placed in the hands of the private sector through this structural arrangement, the requirements set out in this Policy must be met.

8.1.5 The functions of the structure would include:

- (a) determining the funding required each year (paragraph 15.2);
- (b) appointing contractors to effect the improvement/s or upgrade/s (paragraph 2.1.4); and
- (c) receiving the additional rate collected by the City and expending the funds in accordance with the approved business plan.

### **8.2 Structural requirements:**

8.2.1 Before the City will consider allowing ratepayers in a special rating area to carry out administrative and other functions in relation to the area, the Steering Committee must establish a non-profit company ("NPC") in terms of the Companies Act for that purpose.

8.2.2 The inaugural memorandum of incorporation ("MOI") of the NPC, must be aligned with the prescribed format determined by the CFO; and any amendments thereto must be approved by the CFO;

8.2.3 The NPC must be managed under the Companies Act, and also comply with any other legislation as a result of the financial connection to Council;

8.2.4 The NPC must have at least 3 (three) directors, each with specific portfolio(s) aligned with the business plan;

8.2.5 the NPC must give a written notice to all the affected property owners within the special rating area of the intention to hold a members' meeting within six months of the establishment of the NPC and thereafter an annual general meeting ("AGM") (paragraph 11.2) on the date stated in the notice by advertising in one English daily newspaper and must also give notice in a community (local) newspaper to accommodate other languages where applicable; and

8.2.6 The purpose of the meetings referred to in paragraph 8.2.5 will be to, amongst other items on the agenda,:

(a) appoint directors;

(b) amend the NPC's MOI if required and with prior written consent of the CFO; and

(c) approve the following year's budget and implementation plan (paragraph 15.2).

9.1.9 The Steering Committee will be required to conduct an urban management survey (only one survey per property owner) of not less than 20% of properties in the database (proportional split in

terms of the usage code is required). In addition a random sample of people within the area, which is equal in number to not less than 5% of the properties in the database, is also required. Where a reduction in the number of survey forms is required it may be motivated for consideration by the CFO.

9.1.10 The Steering Committee must consult with the respective City Directorate(s) regarding the current service(s) provided and the levels thereof as well as the SRA anticipated service(s) and level thereof.

9.1.11 The Steering Committee must compile a business plan in accordance with the provisions of paragraph 10 of this Policy.

9.4.4 The special rating area application must be submitted by 30 September of the financial year preceding the establishment of the special rating area. The CFO may extend this date if a properly motivated request is received. This will depend on Council's ability to accommodate the late application within the budget process.

#### 9.5 Objections

9.5.1 Consents and objections will be considered only if they are submitted to Council by the last day specified in the application notice.

9.5.2 Property owners objecting to the establishment of a special rating area in terms of paragraph 9.3.3 must do so in writing and include a motivation for their objection.

9.5.3 The Steering Committee must engage with all the objectors and provide them and Council with minutes of these meetings. The objector/s will be allowed to respond to the minutes.
