ROADS & TRANSPORT

MEDIA STATEMENT

DATE: FRIDAY, 19 MAY 2023
FOR IMMEDIATE RELEASE

MMC KUNENE'S ACHIEVEMENTS SINCE TAKING OFFICE OVER THE PAST 100 DAYS

This media statement seeks to provide insight on the achievements of City of Johannesburg's Member of Mayoral Council (MMC) for Transport Cllr. Kenny Kunene since he took office following his appointment on 03 February 2023.

Subsequent to his appointment, MMC Kunene has been responsible for providing oversight and appropriate strategic leadership required for the Department to deliver on its mandate.

Since taking office in the past 100 days, MMC Kunene oversaw the implementation of the following key activities, interventions and projects including a media briefing on the 9th of March 2023, during which MMC Kunene tabled the state of affairs of Metrobus, Rea Vaya and JRA. He highlighted the problems the entities find themselves confronted with in their day-to-day operations and a way forward to mitigate the challenges.

Department of Transport

A number of Transport Masterplans were completed and these will guide transport planning, project development and direction for future economic and transportation investments within CoJ.

These include:

- The Region G transport master plan encompasses the areas of Protea South, Eldorado Park, Lenasia, Zacharia Park, Slovo Park, Ennerdale, Poortjie, Orange Farm and Stretford. The border lies along the N1, N12 and Golden Highway transport corridors traverse the region.
- The Roodepoort CBD transport master plan which lies along the western edge of the historic mining belt within Region C of the City of Johannesburg (CoJ) in ward 84 and provides a western link to Johannesburg CBD for areas such as Kagiso, Krugersdorp South, Soweto, Bram Fisherville and Dobsonville. The area has experienced a decline in economic growth over many years due to issues in its urban and transport environment. It has also suffered from urban decay due to the lack of social and economic amenities and infrastructure; poor connectivity, urban safety, management; inefficient transport systems, congestion; and traffic issues.

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

The Bus Operating Contract Agreement (BOCA) between the City and the Alexandra Bus Company (PTY) LTD outlining how the contract will be managed and how the fee per kilometre compensation is executed, is now ready to be signed. This, following the finalisation of successful negotiations with the affected mini-bus taxi operators for the Rea Vaya Phase 1C(a) as per Section 41 of the NLTA of 2011. This route links the Joburg CBD with Sandton and Alexandra. The affected mini-bus taxi operators for this route are Alexandra Taxi Association (ATA) and Alexandra Randburg Midrand Sandton Taxi Association (ARMSTA).

The Orlando Non-Motorised Transport facility was also completed within the hundred days, with much excitement as the project accommodates diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. These street designs help create more multi-modal transport systems and more liveable communities. The route starts at the corner of Madhlala and Nicholas Street in Orlando going towards Chris Hani Road and continues until Maponya Mall.

On the 12th of April 2023, MMC Kunene signed a Protocol engagement document with Regional Taxi Structures: SANTACO and NTA which guides engagement protocols between the City and the taxi industry.

Safety Awareness Campaigns were held at Discovery Primary Grade School, Gustuv Preller Primary School, Wiseman Cele High School and Harry Gwala Primary School. As well as at the following public places; Malibongwe Ridge, Bree Taxi Rank, Roodepoort Taxi Rank and Rank 5, Protea Glen Mall, Bara Taxi Rank X 2 and N1 Grasmere One Stop Engen Garage.

The City introduced cycle lanes and cycling as a strategy to decongest the traffic, promote behavioural change, contribute towards the reduction of air pollution, encourage healthy lifestyle and Bikenomics. A Cycle Walk Activation was held in Region E, Alexandra, Altrek Sports Centre, and Eastbank traversing the Alexandra and Sandton areas. The Department partnered with Alexandra Cycle Club, Region E CRUM and Sports and Recreation Department. The event was well attended by communities in the area and other cycle clubs from other areas.

Two well attended Open Streets Awareness events partnering with Johannesburg Zoo were held in Region F, Parktown with mini walks, aerobics and skateboarding. Open Streets Awareness campaigns grow awareness that streets are for all road users and not only for cars and public transport; to advocate for safer, open spaces throughout the city.

Public Transport transformation was high on the agenda as the department has been grappling with attaining the best standards for the management of public transport facilities across the City. This has been attributed to amongst others, growth and migration of people into Johannesburg and

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

therefore, an increased volume of travellers within these public transport access points. Consequently, the Department has investigated a conceptual framework and model, which will realise the mitigation of these growing and pressing challenges; whereby some categorised public transport facilities will be leased to the public transport operators.

THE REA VAYA BRT

Customer Care Centres are critical in resolving Rea Vaya BRT system passengers' challenges regarding the use of the Rea Vaya BRT system. Most of the issues dealt with are with regard to the bank-based card system used to collect fares. Two Customer Care Centres have been built at Orlando and Westgate Police Stations and will be opened in July 2023.

The twelve-year contract between the City and Piotrans ended on 31 January 2023, with a new short term appointment until finalisation of the tender. The MMC's interventions resolved an ongoing driver strike enabling the company to meet contractual requirements and targets.

PUBLIC TRANSPORT FACILITIES

A number of new public transport facilities are currently being developed, these include:

- Kaya Sands Super-stop public transport facility in Region A, Corner Bernie and River Road in Kya Sands
- Lakeside Non-Motorised Transport facilities including public transport stops in Region G - Lakeside on Palm Drive
- Tshepiso Public transport facility in Region C – Corner of Dulcie September and Pat Molawa Street in Tshepiso.
- Design of Cosmocity Non-Motorised public transport facility including public transport tops in Region C - Cosmo City on South Africa Drive.
- Orlando Non-Motorised Transport facilities in Region D - The route starts as the corner of Madhlala and Nicholas Street in Orlando going towards Chris Hani Road and continues until Maponya Mall.
- Tshepiso Non-Motorised Transport facilities in Region C.
- Deep South Non-Motorised Transport facilities in Region F, Eldorado Park

Johannesburg Road Agency (JRA)

On 27 February 2023, JRA along with MMC Kenny Kunene, broke ground on a new roads and storm water upgrading project in Region D, Protea Glen Extension 28, in Soweto. The project forms part

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

of JRA's plans to implement emergency storm water upgrades in areas where roads and homes are affected by regular flooding.

Strategic Governance came to the fore with the appointment of a new JRA Board of Directors on the 1st of March 2023. A directive for a new JRA Strategy 2027 was tabled. This strategy will explore alternative funding sources including a revised Asphalt Plant business model, and inculcating customer centricity organisation-wide. Enshrined within this new strategy will be the values of servanthood, accountability, culture, community engagement and educational drives. Also, the use of smart technology to digitalise operations, ensuring visible service delivery on the ground, and remodelling JRA systems to eradicate fraud and corruption. Furthermore, JRA staff have completed 1546 Declaration of Interest forms and all Board and Independent Audit Committee members have signed the code of ethical conduct and declaration of interest forms for the 2022 / 2023 financial year.

JRA was hard at work over the last 100 days excelling in the following:

- Road resurfacing of 30.5 km and achieving 46 lane km,
- Gravel roads upgraded to surfaced roads 3.04km (target 3km),
- 35 SMMEs supported (target 20),
- 33 EPWP work opportunities created (target 40),
- 7124 potholes repaired,
- 362 storm water drains (kerb inlets) unblocked,
- 24 manhole covers and storm water slabs replaced,
- 88% traffic signals faults resolved within 24 hours,
- 36% of traffic signal pole overs repaired within 14 days,
- 57 traffic signal timings revised (target 60),
- 95 road safety investigations completed (target 90),
- 96 Traffic impact assessments completed (target 100),
- 100% petitions completed (target 90%).

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

Many of the City's bridges require rehabilitation, 12 bridge structures are in the planning phase and 15 bridges damaged by the December 2022 floods require reconstruction at a cost of R152,240,000 million.

Seven (7) CAPEX projects in Region C were started during this period including the upgrading of gravel roads to surface standards in Thulani/Doornkop, Kanana Park, Bramfischerville Ext 7&8. Emergency Stormwater Improvement in Protea Glen (Region D), Conversion of Open Drains to Closed in Orange Farm (Region G), and erosion protection of a storm water channel at Killarney Golf Course (Region E), were also implemented.

This year's Human Right's Day, on 21st March 2023, saw MMC Kunene and JRA launch **#OperationRestore** **#OperationLokisa** **#OperationLungisa** **#OperasieHerstel** in Region G, Eldorado Park, in Ward 17 & 18. Road maintenance activities including road resurfacing, road markings, cleaning of storm water drains and fixing of potholes were conducted to mark the start of the operation. Operation Restore also worked in regions G Lehae (Ward 122), Region E, London road (Ward 105, 81 and 76) and Bryanston (Ward 93 and 106), Region A, Ivory Park and Kaalfontein (Ward 133,92,77, 78) and Region C, Cosmo City (Ward 100).

The Easter Road Safety Campaign was launched by MMC Kunene, on the 5th of April 2023 at the DOLJORTA Taxi Association offices. The MMC interacted with transport operators and commuters while highlighting the importance of adhering to the rules of the road and encouraging road users and commuters to be custodians of road safety and refrain from behaviour that could compromise their safety and that of others.

On Wednesday 3rd May 2023, JRA successfully launched the Investec & JRA partnership at the Investec premises where all stakeholders were able to witness the traffic signals on corner Grayston and Rivonia road remain on despite load shedding. This success will be replicated city-wide and JRA already has an additional 112 inquiries partnering at 52 intersections.

Metrobus

The entity contributes to the City's IDP Objectives by offering public transportation as measured through the average number of passenger trips per working day. Nineteen thousand three hundred and seventy eight (19 378) passengers trips were successfully completed against the target of fifteen thousand (15 000).

The total number of Metrobus projects enhancing service delivery during the first 100 days of office for MMC Kunene, are eight (08). These projects are as follows:

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

- Provision for service providers to supply Certificates of Fitness (COF) for buses for a period of thirty-six (36) months, on as-and-when-required basis;
- Appointment of a service provider to supply, install and maintain brake test machines to Metrobus for a period of thirty-six (36) months;
- Provision for a service provider for the supply, delivery and complete overhaul of engines to Metrobus for a period of thirty-six (36) months, as-and-when-required;
- Provision for a service provider to provide advertisement services and related services to Metrobus for a period of thirty-six (36) months on, as-and-when-required basis;
- Appointment of a panel for recruitment, selection, and placement services to Metrobus for a period of thirty-six (36) months, as-and-when-required;
- Provision for the supply and delivery of batteries for a period of thirty-six (36) months, as-and-when-required;
- Procurement of an Interim Automated Financial Collection (AFC) system; and
- Procurement of Eye on the bus (cameras).

The entity further exceeded the target for BBBEE expenditure and exceeded the target of supporting SMMEs. The total BBBEE expenditure is currently at R154 million, of which R151 million benefitting 118 SMMEs.

MMC Kunene prioritised Metrobus Alive, and through his successful intervention during the 2022/23 Budget Rebase, the project's adjusted budget reduced by R62 million instead of the earmarked reduction of R129 million.

Metrobus successfully secured the rights to offer customised public transport on a *Park 'n Ride* basis during an Imagine Dragon concert hosted at Soccer City on the 4th of February 2023. Just over R450 000 was generated from transporting festivalgoers. The concert was followed by the Ultra 2023 concert at Nasrec Expo Centre, operating from the usual pick up points; *The Glen, Melrose Arch, Cresta and Clearwater Mall*", generating R105 000 additional revenue.

During the last three financial years, Metrobus has maintained an almost clean record in relation to safety on the road. During this time the entity operated a total of 16 million kilometers without any serious injuries or fatalities. The entity measures its performance in this regard every quarter and is contracted with the City to maintain zero fatality in its operations. Despite this excellent track record, on 9th of February 2023, a bus traveling along Edenvale Road en-route to Ghandi Square, Johannesburg CBD collided with a truck. Fifty-Three (53) passengers including the driver of the bus sustained injuries, however, fortunately, no fatalities were reported. MMC Kunene instructed Metrobus to conduct a thorough accident investigation and to ensure that all affected commuters as well as the drivers were provided with necessary support. MMC Kenny Kunene also visited the bus

CITY OF JOHANNESBURG
COUNCILLOR KENNY KUNENE
MEMBER OF THE MAYORAL COMMITTEE
ROADS & TRANSPORT

driver, Ms. Queen Makgakga at the Milpark trauma ward and offered her words of encouragement, following the emergency airlifting ordeal.

Metrobus has the mammoth task of moving fifteen thousand commuters daily. During COVID-19 hard lockdown, the entity sadly lost numerous employees and due to the entity's restrictions on gatherings, fellow employees were not able to appropriately mourn the departed in keeping with Metrobus traditions. On 28 February 2023, MMC Kunene led the entity in a mass memorial service held in remembrance of all colleagues lost during the lockdown.

MMC Kunene facilitated a session of welcoming new Metrobus board members at the Roodepoort Depot, on 1 March 2023. The Board induction emphasised the challenges confronting the entity and chartered a solutions driven way forward. Subsequently, a two-day strategy review session was held from 16-17 May 2023 to align the current strategy with the priorities of its shareholder, the City.

As part of the entity's corporate social responsibility, MMC Kunene, on behalf of the Eldorado Park community, requested Metrobus to help transport senior citizens from a number of old age homes to the Joburg Zoo on 29th March 2023. The Entity's Acting Managing Director Mr. Luyanda Gidini released three buses to the delight of the elders and Metrobus is proud to have been part of this excursion.

From 6-10 April 2023, Metrobus participated in the 2023 **Randshow** 2023, one of the country's most iconic events on the annual entertainment and exhibition calendar where businesses and public sector entities interact with thousands of customers and potential stakeholders in a relaxed environment. Under the stewardship of MMC Kunene the entity attracted the interest of over 20 000 visitors over five days. The Executive Mayor also took the opportunity to visit the Metrobus exhibition booth including the bus-on-display led by the Managing Director. Metrobus used the platform to promote its imminent bus digitisation drive from free Wi-Fi to eye-on-the-bus, initiative.

MMC KUNENE'S 100 DAYS IN OFFICE

ANNEXURES

TO: Cllr. Kenny Kunene
MMC: Transport Department

FROM: Dorothy Mabuza
Executive Director: Transport

DATE: 17 May 2023

Update on approved Transport Master Plans

Dear Cllr Kunene

Below is a summary of Transport Department achievements by the MMC during his 100 days in office.

TRANSPORT MASTER PLANS

Objectives of a Transport Master Plan

- Serve as a guide for transport planning, project development and direction for future economic and transportation investments.
- Promote a safe and efficient movement of people and goods.
- Support the economic growth and development objectives of the City.

Completed Transport Master Plans

The following Transport Master Plans were completed and considered by the Mayoral Committee.

Region G transport master plan which includes the following areas: Protea South, Eldorado Park, Lenasia, Zacharia Park, Slovo Park, Ennerdale, Unavailable, Poortjie, Orange Farm and Stretford. The border lies along the N1, N12 and Golden Highway transport corridors traverse the region.

Roodepoort CBD transport master plan which lies along the western edge of the historic mining belt within Region C of the City of Johannesburg (CoJ) in ward 84 and provides a western link to Johannesburg CBD for areas such as Kagiso, Krugersdorp South, Soweto, Bram Fishersville and Dobsonville.

The area has experienced a decline in economic growth over many years due to issues in its urban and transport environment. It has also suffered from urban decay due to the lack of social and economic amenities and infrastructure; poor connectivity, urban safety, and management; inefficient transport systems and congestion; and traffic issues.

Transport Master Plans outcomes further propose among others:

- Creating a compact, well-connected neighborhood that prioritises pedestrian movement and non-motorised transport (NMT).
- Building distinctive and attractive public spaces.
- Promoting land use supportive of public transport (PT), walking and cycling.
- Promote and enable mixed land use activities.
- Limit on-street parking and more pro-active management of parking.
- Reducing dependency on private cars; and
- Identify possible interventions to improve road safety.

THE REA VAYA BRT

Rea Vaya BRT Customer Care Centres (CCC)

Customer Care Centres are critical in resolving passengers' challenges regarding the use of the Rea Vaya BRT system. Most of the issues dealt with are with regard to bank-based card system that is used to collect fares from the passengers by the City,

Two Customer Care Centres have been built at Orlando and Westgate Police Stations and are at practical completion and will be ready for use by July 2023.

Signing of Bus Operating Contract Agreement (BOCA)

The City has been in negotiations with the affected mini-bus taxi operators for the Rea Vaya Phase 1C(a) as per Section 41 of the NLTA of 2011. This route links the Joburg CBD with Sandton and Alexandra. The affected mini-bus taxi operators for this route are Alexandra Taxi Association (ATA) and Alexandra Randburg Midrand Sandton Taxi Association (ARMSTA). The BOCA details how the contract will be managed and how the fee per kilometre compensation is executed. The BOCA is ready to be signed by the City and the Alexandra Bus Company (PTY) LTD.

Piotrans

The twelve year contract between the City and Piotrans came to an end on the 31 January 2023. Piotrans has not been performing well towards the end of the contract and had challenges around management of business operations. The MMC intervened in this regard to help the company manage their business operations in order to meet contractual requirements or targets.

PUBLIC TRANSPORT FACILITIES

Kaya Sands Super-stop public transport facility

The purpose of the project is to build a taxi on-street (super stop) facility

Location: Region A, Corner Bernie and River Road in Kya Sands

The scope of work included, but was not limited to the following:

- Construction of public transport stops including shelters
- construction of sidewalks
- intersection upgrades
- road markings
- Universal Access

Project status: Construction progress at practical completion

Lakeside Non-Motorised Transport facilities including public transport stops

The purpose of the project is to accommodate diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. Such street design helps create more multi-modal transport systems and more liveable communities.

Location: Region G - Lakeside on Palm Drive

The scope of work included, but was not limited to the following:

- Design of public transport stops including shelters
- Design of sidewalks
- Design for intersection upgrades
- Designs for road markings
- Universal Access

Project status: Detailed designs are at an advanced stage. Procurement of a contractor to commence in the 2023/2024 financial year.

Tshepisong Public transport facility

The purpose of the project is to construct a taxi holding facility in Tshepisong

Location: Region C – Corner of Dulcie September and Pat Molawa Street in Tshepisong.

The scope of work included, but was not limited to the following:

- Detailed design of public transport holding facility (including offices, ablution facilities, hawker stalls, vehicle wash bays, security guardhouse, cctv cameras and perimeter fence around the facility)
- Detailed design of loading bays outside the facility
- Detailed design of sidewalks
- intersection upgrade
- road markings
- Universal Access

Project status: Detailed designs at an advanced stage. Procurement of a contractor to commence in the 2023/2024 financial year.

Design of Cosmocity Non-Motorised public transport facility including public transport stops

The purpose of the project is to accommodate diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. Such street design helps create more multi-modal transport systems and more liveable communities and more liveable communities

Location: Region C - Cosmo City on South Africa Drive.

The scope of work included, but was not limited to the following:

- Design of public transport stops including shelters

- Design of sidewalks
- Design for intersection upgrades
- Designs for road markings
- Universal Access

Project status: Detailed designs are at an advanced stage. Procurement of a contractor to commence in the 2023/2024 financial year.

Orlando Non-Motorised Transport facilities

The purpose of the project is to accommodate diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. Such street design helps create more multi-modal transport systems and more liveable communities.

Route: Region D - The route starts as the corner of Madhlala and Nicholas Street in Orlando going towards Chris Hani Road and continues until Maponya Mall.

The scope of work:

- construction of sidewalks and cycle lanes
- Upgrading of traffic signals and road signage
- road markings
- Universal Access

Project status: Practical completion reached.

Tshepiso Non-Motorised Transport facilities

The purpose of the project is to accommodate diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. Such street design helps create more multi-modal transport systems and more liveable communities.

Location: Region C. The NMT facilities are planned for construction on the following streets:

- David Webster Drive
- Pat Molawa Street
- Doctor Asvat Street
- Galela's Street
- Hector Peterson Blvd
- Ruth First Street
- Albert Luthuli Blvd

The scope of work included, but was not limited to the following:

- Detailed of public transport stops including shelters
- Detailed design of sidewalks
- intersection upgrades
- road markings
- Universal Access

Project status: Detailed designs completed. Procurement of a contractor to commence in the 2023/2024 financial year.

Deep South Non-Motorised Transport facilities

The purpose of the project is to accommodate diverse modes, users and activities including walking, public transport, private vehicles, nearby businesses, and residents. Such street design helps create more multi-modal transport systems and more liveable communities.

Location: Region F, Eldorado Park

The scope of work included, but was not limited to the following:

- Construction of public transport stops
- construction of sidewalks
- intersection upgrades
- road markings
- Universal Access

Project status: The project is at practical completion.

Transport transformation

1. Signing of a Protocol engagement document with Regional Taxi Structures: SANTACO and NTA which provides guidelines and protocols to be followed and complied with when the City and the taxi industry engage.
2. A report for the leasing of public transport facilities is being concluded to serve at Council for approval and implementation.

TRANSPORT PROMOTION AND SAFETY

Road Safety and NMT promotion i.e., Cycling and Open streets

The strategic goal of the Transport Department is building a value-based culture to enable behavioural change towards transport issues including use of public transport, road safety and Non-Motorised Transport (Cycling, Open Streets).

1. Road Safety Awareness Campaigns:
04 Campaigns conducted at the following institutions: Discovery Primary Grade School, Gustav Preller Primary School, Wiseman Cele High School and Harry Gwala Primary School.
07 Campaigns conducted at the following public places: Malibongwe Ridge, Bree Taxi Rank, Roodepoort Taxi Rank and Rank 5, Protea Glen Mall, Bara Taxi Rank X 2 and N1 Grasmere One Stop Engen Garage.
2. Promotion of Non-Motorised Transport

2.1 Cycling

The City has introduced cycle lanes and cycling as a strategy to decongest the traffic, promote behavioural change, contribute towards the reduction of air pollution, encourage healthy lifestyle and Bikenomics. A Cycle Walk Activation was conducted in Region E, Alexandra, Altrek Sports Centre, Eastbank. The cycle route covered the Alexandra and Sandton areas. The Department partnered with Alexandra Cycle Club, Region E CRUM and Sports and Recreation Department. The event was well attended by communities in the area and other cycle clubs from other areas.

2.2 Open Streets

The aim of an Open Streets is to grow awareness that streets are for all road users and not only for cars and public transport; to advocate for more safe, open spaces throughout the city (even temporary ones made possible through Open Streets-style events); and to grow connections and community in the areas where the event is held. During an Open Street event, section of the City's streets is temporarily closed

for cars, and opened up to families, children, pedestrians and all forms of Non-Motorised Transport (NMT) (cyclists, skateboarders, roller-skaters, etc.). Two Open Streets were conducted in partnership with Johannesburg Zoo in Region F, Parktown. The activities included mini walks, aerobics and skateboard. The two events were well attended by the surrounding communities.

Regards

Dorothy Mabuza ***Pr (Eng.) Tech***

JOHANNESBURG ROADS AGENCY SOC (LTD)

Reg. No. 2000/028993/30

MMC KUNENE 100 DAYS IN OFFICE REPORT

FEBRUARY – APRIL 2023

Vision

The best city roads authority
that enables economic growth
and sustainability

Mission

We commit to provide quality
roads that are accessible,
safe, and liveable for us
Communities.

1. INTRODUCTION

The Johannesburg Roads Agency (JRA) (herein referred to as the Company / Entity/MoE) is an entity of the City of Johannesburg (CoJ). It was established in 2001 to design, construct and maintain roads and stormwater infrastructure on behalf of the CoJ Metropolitan Municipality. The JRA delivers on this mandate through a staff compliment of over 1 500 employees operating in seven regions of (CoJ)

On the 3rd of February 2023, the JRA welcomed the appointment of Cllr. Kenny Kunene as the MMC of Transportation Department. Cllr Kunene's role is to provide oversight and act on behalf of the Shareholder (CoJ) to ensure the JRA has the appropriate strategic leadership, policies, and oversight.

This report outlines all the key activities, interventions and projects that were implemented during Cllr. Kenny Kunene, MMC of Transportation Department 100 Days tenure, i.e., February – April 2023

2. CORPORATE GOVERNANCE

The JRA views corporate governance as a key pillar that sets out relationships between the company's management, its board, its shareholders, and stakeholders. Corporate governance provides a framework through which the company objectives are set implemented, monitored, and evaluated.

The Board and Management of the JRA are committed to the highest standards of corporate governance as promoted by the King Committee's Code of Corporate Practices and Conduct (KING IV). Having examined the controls, the Board is satisfied that every effort is being made by management to comply with all material aspects of the King Report and relevant legislation. The JRA works closely with the shareholder representative and participates in the City's stakeholder engagement platforms i.e., Mayoral Lekgotla, Section 79, EMT, MMC's quarterly meetings and city-wide community engagements.

The shareholder convened the Annual General meeting on 01 March 2023 where the JRA Board of Directors were appointed to hold office for a period of three (3) years renewable annually at the discretion of the shareholder. Mr. Charles Cilliers was appointed as the JRA Board Chairman for the current term of office. Board members have been apportioned to serve before the JRA operating governance committees i.e. the Audit Finance Risk and IT, Service Delivery and Remuneration and Social Ethics Committee.

On the 8th of March 2023, the Board of Directors convened an induction session for the newly appointed Non-Executive Directors and Independent Audit Committee

Members. The primary objectives for the induction session were:

- (i) To ensure the Board of Directors are adequately equipped in performing their fiduciary duties as stipulated by the Companies Act 71 of 2008, Municipal Systems Act and the King IV code;
- (ii) To ensure there is common understanding of roles and responsibilities between the Shareholder, Board of Directors, and the Executive Management Team; and
- (iii) Agree on key deliverables for the current Board term.

MMC Transport Cllr Kenny Kunene provided a political overview and expectations to all appointed members. MMC Kunene urged the Board to pay a visit to the Asphalt Plant. He said, “We need politicians who will compete by service delivery not the ones that compete by stealing from the poor.”

The MMC further reiterated that “successful people are always looking for opportunities to help others; whilst unsuccessful people say, what is in it for me? I have no time for the corrupt, or lazy. When people applied for a job they understood the requirements, so I am asking the board to please protect whistle-blowers and people who bring corruption to your table. It should not matter who the person is, protect them and deal with that corruption.”

The following is a summary of key deliverables for the current Board term of office

- Development and approval of the JRA Strategy 2027.
- Alternative funding sources – Road Infrastructure Fund.
- Asphalt Plant: There is a need to relook at the business model to achieve optimal results. Currently not self-sustaining.
- Customer centricity – Servanthood, accountability, culture, community engagement/ education drives.
- Smart Technologies – Digitalisation of our operations i.e., Finance related systems, electronic wayleave systems, installation of adaptive traffic signals systems. Installation of roadside requirement such as weather stations, radar systems.
- Visible Service Delivery: Ensuring that JRA enables mobility (e.g., potholes, bridges rehabilitation programme, traffic lights / re-cabling and flooding).
- No to Fraud and corruption – remodelling the systems.

2.1 Responsible corporate citizenship.

Good corporate governance requires an acknowledgement that an organisation does not operate in a vacuum but is an integral part of society and therefore has accountability towards current and future stakeholders. With the introduction of an ‘apply and explain’ regime, King IV™ asks organisations to be transparent in the application of their corporate citizenship practices.

The Board and Management recognise that the Entity is formed under a political structure. As such, it has a social and moral standing in society with all the attendant responsibilities. Furthermore, responsible for ensuring that the JRA protects, enhances, and invests in the well-being of the economy, society and natural environment.

In promoting the culture of consultation and active citizenry the MMC Transport participated in the following activities that were undertaken in different regions; Visible Service Delivery meetings; Walk-about Councillor's Forums; Oversight visits; Regional Joint Operations meetings; and Attending ASD meetings.

2.2 Anti-corruption and Fraud Investigations

The Johannesburg Roads Agency (JRA) is committed to the fight against fraud and corruption which represent a significant potential risk to the JRA's assets, service delivery efficiency and reputation. Working together with the Ethics Management Forum and Group Forensic and Investigation Services consequence management to all finalised cases is implemented.

To mitigate against the occurrence or reoccurrence of corruption and fraud instances, the Entity carried out an awareness campaign through posters prompting Good and Ethical Governance that are erected throughout the JRA building and depots. On a quarterly basis a compliance report is prepared and submitted to the Remunerations and Social Ethics Committee. Concluded forensic investigations received from Group Forensic Services are administered by the JRA management

2.3 Declaration of Interests

As of the 01st of March 2023 a total of 1546 Declaration of Interest forms were completed and all Board and Independent Audit Committee members have signed the code of ethical conduct and declaration of interest forms for the 2022 / 2023 financial year,

2.4 Protection of Personal Information Act

The Protection of Personal Information Act, No 4 of 2013, promotes the protection of personal information by public and private bodies. This Act sets out the legal requirements and guidelines that businesses and private individuals are required to follow when sourcing, storing, processing, and sharing personal information.

The Act was signed into law by the President of South Africa on 19 November 2013, thereafter, proclaimed the POPI commencement date to be 1 July 2020. Section 114(1) is of particular importance as it states that all forms of processing of personal information must, within one year after the commencement date, be made to conform to the Act. This means that entities (both in the form of private and public bodies) will have to ensure compliance with the Act by 1 July 2021. The Act covers the following critical eight conditions when storing and processing personal information to encourage responsibility, security, and consent (i) Accountability; (ii) Processing Limitations; (iii) Purpose Specification; (iv) Information Quality; (v) Openness; (vi) Security Safeguards; and Data Subject Participation

In the period under review POPI messages were developed in various vernacular languages through posters articulating the primary requirements of the POPI Act in relation to the processing of personal information. The posters were erected at the head office and throughout the depots for the attention of all employees within the organization.

3. PERFORMANCE, GOVERNANCE, AND INFORMATION TECHNOLOGY

3.1 Information Technology

The Company operates based on an approved IT Governance Policy Framework which identifies key elements for the effective management of information and technology, to ensure that company information and ICT systems are secure, protected, tested, controlled, developed, and maintained in line with the company's objectives and response to emerging technological trends. The corporate governance of ICT remains a key enabler of a number of the strategic objectives of the company. During MMC Kunene's tenure the following milestones which are in line with COBIT, ITIL, KING V, MFMA and other related regulations/legislations were achieved:

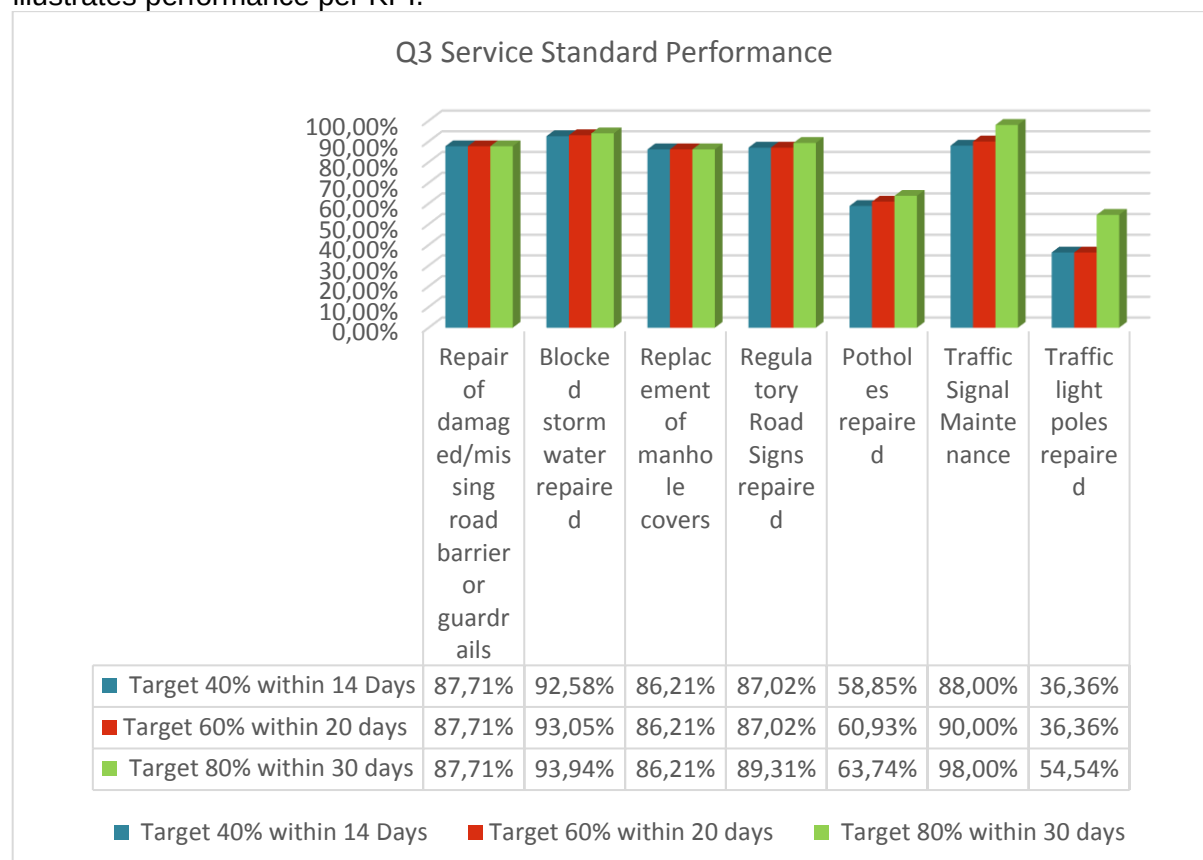

- JDE (ERP) system availability remained at acceptable levels;
- Improved network connectivity;
- Improved incident management (service desk);
- Allocation of desktops, laptops, and mobile devices to the company's workforce;
- Implementation of the latest anti-virus and firewall to improve on IT security;
- Improved resolution rate of audit findings;
- Improved mitigation plans on operational and strategic risks;
- Business process automation; and
- Implementation of Microsoft Power Business Intelligence (BI) for CAPEX projects reporting for the Infrastructure Development (ID) and Planning departments

Outdated ERP system	Migration to SAP should be prioritized

3.2 Business Performance Management

For 2022/23 The JRA has 20 KPI's (3 Institutional KPIs; 8 Circular 88 Indicators; and 9 Entity Scorecard KPIs). The graph below illustrates the in-year performance of the Entity against the business plan. Out of the 20 KPIs due, 14 were achieved and 6 were not achieved giving the organization a head count score of 70% achievement in the period under review.

The entity achieved 17 (80.95%) against 21 targets on service standards. Below table illustrates performance per KPI.

3.3 Legal Services

Below is Public Liability Claims below

Month	Letter Demand	of Normal Claims	Summons	Total	Total amount claimed	Total number of claims finalized
February 2023	20	20	2	42	R441 226.58	0 (still to be quantified with the service provider)
March 2023	12	23	0	35	R603 965.39	1 (still to be quantified with the service provider)
April 2023	43	15	1	59	R601 1681.26	28 (still to be quantified with the service provider)

						provider)
May 2023	16	8	0	24	R163 923.04	Report not yet submitted (still to be quantified with the service provider)

The following table represents a summary of a total amount of claims received, finalized and amount paid in respect of those claims for the period between February to 10 May 2023

❖ **Total amount claimed: R722 0796.27**

❖ **Total amount paid: R407 601.64**

3.4 Litigation

Table below reflect two new litigation matters were received for the period starting on 3 February 2023 to 11 May 2023.

Item	Name	Description	Date Served	Status	Current Status of matter
1.	Mandla Mpofu // JRA and COJ	Applicant has approached the High Court for an Order compelling the JRA to complete hydrological and hydraulic studies on the stormwater system around his property on ERF 1569 Extension 2, 11 Kiaat Place, Winchester Hills after his property was eroded during flooding that occurred despite the City approving his building plans to build his house in the said area. Applicant believes that this is due to the inadequate JRA stormwater system	06/02/2023	Active	JRA's attorneys filed a Notice of Intention to oppose and a consultation was held between JRA's attorneys, JRA Legal and the user department. An Answering Affidavit has also been filed on behalf of the JRA.
2	Bophelong Construction (PTY) Ltd //JRA	Complainant was appointed by JRA for the rehabilitation of the Rea Vaya BRT Trunk route, Phase 1B, Noordgesig Ext. to Parkstation under contract number JRA/19/329A. Defects have been identified on pavements and bus stops and several repairs effected but they keep recurring. Complainant claims the Engineer did not	17/04/2023	Active	Attorneys were appointed to represent JRA but parties failed to agree on an Adjudicator. Complainant will now approach SAICE to appoint an Adjudicator. JRA is due to consult with its attorneys on the week of 15 May 2023.

		find any fault with the workmanship or with materials supplied. Claimant is thus claiming their retention money and says since no agreement was reached as to who is responsible for further tests and repairs, this matter should be referred to adjudication.			
3	JRA v Eyethu Translodge & Plant Hire	about collection of a double payment of R1 646 184. 82 that was made by JRA Finance in or around May 2019 was closed following advice by JRA's attorneys stating that this matter would not be worth pursuing as the JRA's claim prescribed on or around May 2022.	01/04/2022	Finalized	Finalized in March 2023
4	Solomon Makheka v JRA	JRA complied with the Court Order confirming the Arbitration Order which stated that he must be compensated and also reinstated to the position he occupied before his dismissal.	29/07/2021	Finalized	Finalized in February 2023

3.4 Contract Management

Table below reflects contracts finalized from February 2023 to 10 May 2023.

No	Contract Number	Description	User Department	Name of the consultant and contractor	Date signed by JRA
1.	JRA/22/24	Appointment of a contractor for upgrading of gravel road into surface standards including stormwater in Kanana Park EXT 1 Phase 1	Infrastructure Development	Lesedi Construction suppliers' enterprise LTD PT	28-Jan2023
2.	JRA/22/39	Appointment of a contractor for upgrading of gravel road into	Infrastructure Development	Ntlemo Projects PTY LTD	17-Apr-23

		surface standards including stormwater in Ivory Park Phase 7B			
3.	JRA/22/48	Appointment of a contractor for the conversion of open drains to underground stormwater management system in greater ivory Park Phase 6.	Infrastructure Development	Mapitsi Civil Works	17-Apr-23
4.	JRA/22/74	Appointment of a contractor from a Panel of service providers for building maintenance works including roof repair and seal, plumbing works ceiling, tiling, painting, and external work etc at JRA, Strydom Park Depot.	ID and planning	Mohale Road Maintenance and Projects	31-Mar-23

		signs,			
15.	N/A	Delivery of proposed cohesive and coordinated road development, management, and maintenance programme for road infrastructure in the municipal boundaries of the City).	Mobility and Freight	JRA and Gauteng Department of Transport	04-Apr-23
16.	N/A	Facilitating the Investigation, design, construction, and close-out of Wilson street between 13th and 14th Avenues, Wilson street between Badenhorst and 14th Avenue, Fairland (Ward 89) Wilson between 11th and 12th Avenues, Fairland JG Strydom from Haak en Steek all the way to Jim Fouche, Weltevreden Park (Ward 89 going into Ward 126)	Infrastructure Development	Randwater and JRA	28-Mar-23

3.5 Risk Management

The company is committed to a process of risk management aligned to with the principles of good corporate governance as provided for in the MFMA and the King IV Report on Good Governance for South Africa. The company Board has delegated

monitoring of risk in the JRA to the Audit, Finance, Risk and Information Technology Committee (AFR&IT).

The company undertakes risk assessments on a regular basis and develops appropriate responses in line with the Enterprise Risk Management Framework. The efficacy of these responses is monitored and reported to the Shareholder's governance structures on a regular basis. The JRA has approved its Risk Management Maturity Framework, Business Continuity Management Framework; and Risk Appetite and Tolerance Framework for the period 2021-24.

As at the 10th May 2023, the strategic risk register action plans implementation is at **46.29%** with 25 actions plans completed out of the agreed **54**. The operational risk register action plans implementation is at **38.70%** with **48** actions plans completed out of the agreed **124**.

The below table indicate the status of the strategic risk profile as at 10th May 2023.

No	Strategic Risk	Residual Risk Exposure	Q2 2022/23 Residual Risk Exposure	Q3 2022/23 Residual Risk Exposure	Movement
1.	Road Infrastructure Failure (roads, bridges, stormwater, traffic signals)	High	High	High	
2.	Environmental hazards	Medium	Medium	Medium	
3	Inability to spend capex budget funding	High	High	High	
4	Inability to maximize asphalt plant	High	High	High	
5	Theft and vandalism of road infrastructure	High	High	High	
6	Governance failures	High	High	High	
7	Inadequate and ineffective communication systems with relevant stakeholders	High	High	High	

No	Strategic Risk	Residual Risk Exposure	Q2 2022/23 Residual Risk Exposure	Q3 2022/23 Residual Risk Exposure	Movement
8	Fraud, theft, and corruption	High	High	High	
9	Weakened workforce due to high exposure to Covid-19 virus	Low	Low	Low	
10	Poor quality of work - projects	High	High	High	
11	Ineffective Business Continuity Management system	Medium	Medium	Medium	
12	Cyber-attack, data fraud and data theft	Medium	Medium	Medium	
13	Inadequate records management system	High	High	High	

4. PUBLIC RELATIONS AND STAKEHOLDER ENGAGEMENT

4.1 Protea Glen Sod Turning event

On Monday, 27 February 2023, the Johannesburg Roads Agency (JRA) along with the Office of the MMC for Transport; Cllr Kenny Kunene, broke ground on a new roads and storm water upgrading project set to get underway in Protea Glen x28, Region D. JRA remains committed to developing quality roads that are accessible, safe, and liveable for our communities. Consequently, this emergency roads and storm water project seeks to address recurrent road and property flooding in the area resulting from inadequate storm water drainage systems.

4.2 MMC Press Conference

On the 9th of March, the MMC for Transport's held a Press Conference which took place at the MetroBus Depot. JRA received great media attendance and managed to make it onto the key prime news bulletins on TV, Radio, Print as well as Digital platforms on that day. The purpose of the Press Conference was to brief media on the state of Transport in Johannesburg; focusing on Metro Bus, Rea Vaya as well as JRA.

4.3 Easter Road Safety Campaign

On the 5th of April, the MMC formally launched the Easter Road Safety Campaign at the DOLJORTA offices and did a walkabout at the Taxi Rank and surroundings, interacting with Public Transport operators and commuters as well as motorists.

4.4 JRA Operation Restore

On Human Right's Day, JRA successfully launched **Operation Restore** in Eldorado Park, Region G, Ward 17 & 18 where various road maintenance activities were conducted e.g., road resurfacing, road markings, cleaning of stormwater drains and fixing of potholes. The campaign will continue and move to other regions going into Q4 and beyond.

4.5 Mayor on Duty Activation; Region A Ivory Park: Kaalfontein

The “Mayor on Duty” activation took place in Region A on Tuesday 28 March with a focus on service delivery issues in Kaalfontein. The JRA team activated a stall where the community was able to engage and submit any service delivery issues pertaining to JRA

4.6 IDP Sessions

A stall where the community could come and engage with JRA with their queries was activated at all IDP sessions which have taken place to-date. The MMC, Acting CEO, Regional Operations Managers as well as Head of Departments (on rotation) were present at each session.

Sessions that have taken place so far are Region B (Coronationville), Region G (Finetown), Region C (Roodepoort), Region D (Dlamini and Orlando).

4.7 Investec & JRA Partnership launch

On Wednesday 3rd May, JRA successfully launched the Investec & JRA partnership at the Investec premises where all stakeholders were able to experience loadshedding and see the traffic signals on corner Grayston and Rivonia road remain on. Media was present to experience this seamless transition first-hand as loadshedding hit just after 14:00.

4.8 Waterfall SLA Ceremonial signing

JRA has signed an SLA to power-up yet another traffic light. The Ceremonial signing event is due to take place in the near future

5 CORPORATE SERVICES

5.1 Skills Development

The skills development process is integral to well-maintained roads infrastructure hence JRA commitment to ensuring that the workforce is well capacitated in this regard. During this period, Regional Performance Management Development Training was conducted and over 800 employees were trained, The Artisan Development Program was implemented for 05 employees, 4 managers in strategic positions were trained in Municipal Finance Management Training, 27 new employees were inducted and a Regional roll out of Records Management and Archiving training was conducted.

5.2 Occupational Health and Safety

Safety Health and Environment reported a reduction in occupational accidents across all regions by 46% compared to the same period in the period financial year.

5.3 Employment Equity Plan

JRA is obliged to comply with the Employment Equity Act, as monitored by the Department of Employment and Labour (DEL) that will audit the JRA's compliance in relation to its obligations under the Employment Equity Act.

The JRA Employment Equity plan were constructed in accordance with the provisions set out in the Employment Equity Act, Act 55 of 1998 and currently JRA is compliant. The plan contains affirmative action measures which necessitate amendments to certain employment related policies. These measures will be actioned in consultation with the stakeholders and be implemented.

5.4 Office Accommodation

Options assessment that seeks to transact on the refurbishment of the Old JRA Head Office building was conducted and submitted to MayComm for consideration. This will see JRA being able to utilize its facilities again and reduction in operational costs linked to the currently leased building.

5.6 Recruitment

The JRA Recruitment Unit filled twenty-three (23) positions during the reporting period

of 01 January 2023 until 12 May 2023. Regional Operations Department was fully supported with filling of vacancies during the reporting period. A total of seventeen (17) positions were filled, of which three (3) of the seventeen (17) positions were at junior management level.

One of the highest achievements was to fill the position of Manager: Asphalt after several attempts, without success due to high level of expertise, skills, knowledge and competencies required and at last the recruitment process yielded positive results.

The remainder of the positions were for other support departments. There are sixty three (63) more vacancies currently at final recruitment stages with a bulk of those being general workers. They are planned to be finalized by the end of financial year.

5.7 Depots Upgrade

JRA Depot Upgrade Projects Progressing well across the regions.

1. Region D: Dobsonville – Construction of an archives facilities for records management and safe keeping of JRA documentation as well as installation of bulk filers
2. Region F: Motorways – Renovations works at the strategic depot to improve working conditions for JRA Employees
3. Region F: Benrose - Construction of carports that have improved the aesthetics of the depot

About R20million has been committed to various projects at various stages for implementation this financial year.

Table below is photographic Images of the State of Depot Upgrade Projects Underway in the past 100 days

6. SERVICE DELIVERY PERFORMANCE

6.1 SUMMARY OF JRA's OVERALL PERFORMANCE

The diagram below outlines a summary of JRA's performance during the period under review

Programme	2022/23 Q1	2022/23 Q2	2022/23 Q3
Institutional SDBIP			
Road Resurfacing	Achieved:46.98 Lkm / Target: 30.5lkm	Q2: Achieved: 29.34Lkm/ Target: 30.5lkm YTD: Achieved 76.32 Lkm /Target: 61lkm	Q3: Achieved: 46.46Lkm/ Target: 30.5lkm YTD: Achieved 122.77 Lkm /Target: 91.5lkm
Gravel roads Upgraded to surfaced roads	Performance: 3.34km / Target: 2km	Q2: Achieved: 0km/ Target: 5km YTD: Achieved 3.34km / Target: 7 km	Q3: Achieved: 3.04km/ Target: 3km YTD: Achieved 6.4km Target: 10 km
Conversion of open drains to underground storm water	Performance: 0km / Target:0.6km	Achieved: 0 km/ Target 0.7 YTD: Achieved 0 km/ Target 1.3	Achieved: 0 km/ Target 0.7 / YTD: Achieved 0 km / Target 2
EPWP			
SMMEs	Achieved: 9 /Target Target:18	Achieved:7 SMMEs / Target: 20	Target: 20 SMME's supported / Achieved: 35
EPWP work opportunities	Achieved: 43/ Target: 30	Achieved: 34 / Target: 40	Achieved: 33/ Target: 40
Infrastructure Maintenance			
Potholes	Performance: 9 832 potholes were repaired during the quarter under review	A total of 7647.84 potholes were repaired during the quarter under review	7124 potholes were repaired
KIs unblocked and cleared	649 kerb inlets (KI)	a total of 945.20 kerb inlets (KI) were unblocked and cleared	362 kerb inlets (KI) were unblocked and cleared
Manhole covers including KI tops	Achieved: 139	176.75 manhole covers including KI tops were replaced	24 manhole covers including KI tops were replaced
Guardrails replaced	Achieved: 3137	2871.40m of guardrails were replaced	0m Largely as a result of the depot sit-in as a result of facilities issues and materials
Mobility & Freight			
Technical faults	98.86% of reported faults have been resolved within 24 hours. Q1	76.92% of reported faults have been resolved within 24 hours. Q2	88% of the service requests has been resolved within 24 hours
Pole-Overs	38.09% of reported pole-overs have been resolved within 14 days in Q1	No reported pole-overs have been resolved within 14 days in Q2	36.36% of reported pole-overs have been resolved within 14 days in Q3

Revised and designed new traffic signal timings	Achieved Q1 :79 Target Q1: 40	Achieved Q2 :85 Target: 60	Achieved Q3 :57 / Target Q3: 60
Road safety investigations	Achieved Q1: 145 Target Q1: 75	Achieved Q2: 109 Target Q2: 75	Achieved Q3: 95 / Target Q3: 90
Traffic impact assessments	Achieved Q1: 90 Target Q1: 70	Achieved Q2: 59 Target Q2: 90	Achieved Q3: 96 / Target Q3: 100
Petitions completed	No petitions received	Achieved Q2: 100% (10 petitions)/ Target Q2: 90%	Achieved Q3: 100% (2 petitions)/ Target Q3: 90%
Governance			
AGSA repeat findings	0%	In Q2 the entity resolved 1 of the remaining 2 AG repeat findings which accounts for 50%.	6 of the remaining 11 AG repeat findings which accounts for 55%

6.2 INFRASTRUCTURE PLANNING

6.2.1 JRA Strategy 2027

The inaugural strategy in the JRA known as Mobility Strategy was developed in 2012. This strategy was aimed at creating synergy among different departments whilst driving mobility and improving of roads access for communities. This was followed by the JRA Strategy 2017, and the main aim of this strategy was to drive service delivery and improvement of performance. The focus of the current strategy (known as JRA strategy 2022) was financial stability, research and innovation whilst maintaining customer charter standards. The current JRA strategy remains in its draft format until such time that the Board approves of same. A Board workshop is scheduled for the 19th of May 2023 to discuss and finalise the strategy

6.2.2 Draft 2023/24 Business Plan

The first draft of the 2023/24 Business Plan was compiled and submitted to City of Johannesburg. Subsequent to that the Business Plan is currently in its 2nd draft and was presented to the MMC on 13 March 2023 and was also tabled at MayCom on 17 March 2023 aligned with the City's planning cycle.

The major update to the Business Plan was the realignment of the new 11 mayoral priorities with programmes within the JRA. For the final submission, expected around May 2023, the final draft must have been considered by EMT, Board and the MMC.

6.2.3 Bridge projects

The Table below illustrates a summary of some of the bridge projects currently in the planning phase, including those that were washed away during the December 2022 floods experienced in various regions in the City.

#	CONTRACT NO.	PROJECT DESCRIPTION	CONSULTANT	REGION	COMMENTS	Brief Scope	Est. Construction Start Date
1	JRA/21/152	Klipspruit valley BRT Route	Kitso Botlhale Consulting	D	Currently under implementation by ID. Due for completion in March 2023	Reconstruction of an existing culvert and improving Flow Capacity.	On-going
2	JRA/22/29	Kilburn Street Bridge over stream (Roodepoort)	Watson Consulting	C	PSP appointed 26 Oct 2022. Final designs ready in January 2023. Draft BoQ issued. (washed away Dec 2022)	Completely washed away. All 4-lanes closed. Rebuild new culvert/bridge.	June 2023
3	JRA/22/28	Buccleuch Drive Bridge	KIT Solutions	E	DDR approved, SANRAL approved drawings. Project was on-hold due to budget restrictions. PSP reappointed 26 Oct 2022. Busy reviewing Detail designs. Final designs ready in January 2023	Reconstruction of an existing culvert and improving Flow Capacity	June 2023
4	JRA/22/26	Buccleuch Bridge Road Low level Culvert	iLiso Consulting T/A Nako iLiso	E	PSP reappointed 26 Oct 2022. Busy reviewing Detail designs. Final designs ready in January 2023	Reconstruction of an existing culvert and improving Flow Capacity	June 2023

6.2.4 Road/Bridge Visual Condition Assessments (VCA/VCI) and GIS

During the 2022/23 FY there was a plan to conduct VCA’s for both roads and bridges as stipulated in the Technical Guidelines/Methods for Highways (TRH9 & TMH 22). However, the budget line item was not funded thus the programme has been shifted to the 2023/34FY.

6.2.5 Development Control (Private and Public),

Private

Item	Description	Q1	Q2	% + or - from Q1	Q3	% + or - from Q2	Total to date (22/03/2023)	Add Comments
1	Town Planning applications	764	437	-75%	389	-12%	1590	The 1st quarter had substantially more applications than the 2nd and 3rd quarter.
2	Correspondence submissions	686	495	-39%	342	-45%	1523	Correspondence is substantially less in the 3rd quarter. This will again increase in the final quarter
3	Building Plan submissions (Site Development Plans)	483	327	-48%	217	-51%	1027	There has been a decline in the amount of building plan submissions during the year by developers.
4	Construction work done by public developers	R 16,153,326.16	R 39,384,190.41	59%	R 19,684,811.59	-100%	R 75,222,328.16	There was a steady drop in the amount of construction work undertaken by the developers.

Amounts above are inclusive of 15% VAT.

Public

Ongoing projects (excluding ID projects) include: Zandspruit Ext 84 – Zandspruit Ext 84 – Construction of Internal Roads and Stormwater; Bram Fischerville Extension 12; Orlando Non-Motorised Transport; Construction of Bulk Stormwater Upgrades in Orange Farm Ext 6; Lakeside Extension 2 & 5 Roads and Stormwater, BRT Sandton Station Links, BRT Ghandi Square Station Links, Alexandra BRT Bus Depot, and various Non-Motorized Transport.

Large projects to be implemented by the Human Settlements Department that are in the pipeline and at various planning stages include: Tanganani Ext 14 (mega project); South Hills Extension 2; Cosmo City Extension 16; Lufhereng Ext 10, 11 & 12 (mega projects); Tanganani Ext 7; Dobsonville Extension 9; various Informal Settlements Upgrade Projects among other projects.

Item	Description	Q1	Q2	% + or - from Q1	Q3	% + or - from Q2	Total to date (22/03/2023)	Add Comments
1	Town Planning applications	26	10	-160%	10	0%	46	The 1st quarter had substantially more applications than the 2nd and 3rd quarter.
2	Correspondence submissions	119	80	-49%	30	-167%	229	At the beginning of the financial year, there is more projects at the planning stage.
3	Building Plan submissions (Site Development Plans)	3	2	-50%	6	67%	11	
4	Construction work done by public developers	R 23,656,889.20	R 66,853,772.49	65%	R 19,186,771.73	-248%	R 109,697,433.42	A number of projects could not be completed due to budget constraints. Some values are still to be submitted later this month.

6.2.6 Roads & Stormwater

Stormwater Masterplanning

The Infrastructure Planning Department prioritized eight (08) sub-catchments for Stormwater Master Planning (SMP) studies for the fiscal year 2022/23, which will result in a stormwater masterplan reports and drawings for the areas identified. These sub-catchments are as follows:

- Zakariyya Park & Ennerdale
- Lenasia and Extensions
- Greater Lombardy East, West Area, and Rembrandt Park
- Cosmo City
- Greater Bezuidenhout Valley Area
- Localized SMP for Dennis Road in Athol (litigation ongoing)
- Localized detailed SMP for Orlando West Flooding Intervention and Alleviation
- Norwood Hydropedology (litigation ongoing)

As part of the Master Planning vote, IP is also developing a road masterplan for North Riding. This is a rapidly developing node that requires a road masterplan to ensure development is in accordance with The City's requirements.

Procurement of Professional Service Providers (PSP) for SMP's in the current financial year as at the end of Q3 is currently still at BAC stage. Pre-compliance and Functionality Evaluation and Probity has been completed and a recommendation to appoint two (02) PSP's was made by BAC in December 2022. Actual appointment has yet to be made pending a negotiation process with two PSP's on some of the rates tendered. A negotiation sub-committee was appointed and that process will hopefully be concluded by April 2023.

Dam Management

There are seven (07) registered dams in the City, dams with a specific risk as defined in the National Water Act. These dams are Category II dams, earth dam walls not exceeding 18m in height, with a crest that exceeds 100m in length, a capacity of not exceeding 50 000m³ in the water body, and that has a severe impact on communities directly downstream of the actual dam wall structure in the event of a breach in the dam wall.

There also 363 dams in The City that are not registered in accordance with the requirements of the National Water Act. These dams are in the majority of the cases referred to as recreation dams.

To date IP has completed 13 dam detail designs in the City since 2019. This year is the first year where adequate budget has been allocated to implement the rehabilitation of one of these dams. The first registered dam to be rehabilitated is Hamberg Dam. The dam wall shows serious evidence of a possible breach as there is a leak at the toe of the dam wall, and the wall shows evidence serious structural decay.

The appointment of the service provider that executed the Inception Report, Preliminary

designs, detail designs and Bill of Quantities appointment expired at the end of March 2022. An extension of Contract was granted to the Service Provider in January 2023, not only for this specific dam, but for all the dams that they were involved in from a professional perspective. The JRA was advised that it was not good practice to share professional liability between various engineers on structures such as dams, as if anything does go wrong the liability of the designs versus that of construction will always end up in the courts. Severe damages on the outlet structure were noted after the rains of December 2022 which compelled that the designs had to be altered before the project could be handed over for implementation.

Catchment Management

Same as with the dams, it is the first year since 2015 that budget has been allocated to the preparation of catchment management plans. The intention of the JRA is to attend to catchments and sub-catchment in The City that are constantly stressed during the wet season. Thus, the following catchment has been identified where catchment management plans will be developed, they are

- Sandspruit from Killarney to Paulshof
- Diepkloof Ext 3, Mogase View Tributary
- Innesfree Park Tributary to Sandspruit Sandton CBD
- Helderkruijn Streams Roodepoort.

To date, only one (01) appointment has been made, that of Innesfree Park. There is a risk of underspending if appointments are not finalized.

Rehabilitation of Aged and Incapacitated Stormwater

With the rapid densification and the age of the stormwater infrastructure in the City, the demand has grown to review most of the stormwater systems, local and bulk, either to establish if they meet the demand in capacity or the condition of the older stormwater infrastructure. the JRA's intention is to investigate the already known challenges in The City currently, and as the Visual Condition Assessments (VCA) evolve, this budget will be utilized to investigate any red flags identified during the VCA processes. In the current year, the areas that the JRA will be attending to are:

- Denver open stormwater channel through the informal settlement
- Aged Stormwater culvert within Roedean School Parktown.
- Turffontein West, collapsed stormwater channel
- Orange Grove collapsed stormwater culvert (litigation ongoing)

To date, only two appointments have been made, that of Turffontein West and Orange Grove, which is an existing project from the previous financial year.

Roads Projects

Item		Project Name	Region	Ward	Progress / Status
1		Fleurhof, Spencer	C	70	Developing the Detail Design Report and

Item		Project Name	Region	Ward	Progress / Status
		Road Extension			finalizing Land Acquisition Process
2		Midrand, Richard Drive Upgrading	A	110	Finalizing Land Acquisition Process and handing over for implementation
3		Ennerdale, James Street Extension	G	6/7	Challenges with Environmental Authorization, section of Design to be reviewed and finalizing Land Acquisition Process

Design of Future Schemes

The purpose of this Budget Line Item is to attend to projects on the JRA's Priority lists that do not fall under any of the study areas that Planning is working on and where a need for a capital intervention has been identified. Feasibility studies, erosion protection, hotspot flooding areas, missing road links, minor capacity improvements, and so on will be included.

Current active projects

Item	Project Name	Region	Ward	Progress / Status
1	Winchester Hills - Stormwater Management	F	54	Ongoing – PDR Review completed, report submitted and currently at Development Control for acceptance. DDR to follow, completion envisaged 30 June 2023.
2	Meredale Ext 28 - Stormwater Management	F	125	Ongoing – Hydrological & Hydraulic Studies 95% Complete. PDR - 50% Complete, to be completed by 30 April 2023. DDR – 0% Complete, to be completed by 30 June 2023
3	Meredale Ormonde View - Typhoon Street - flooding	F	125	Ongoing – Stage 4 (BoQ and Specification) still to be taken. Contract expired, awaiting Bid Evaluation completion to possibly issue the

Item	Project Name	Region	Ward	Progress / Status
				instruction to same bidder. This will eliminate cost from design review by another service provider, also ID confirmed the is no budget for construction hence the approach.
4	Orlando West Flooding Intervention and Alleviation (to alleviate flooding on Coka and Mtipa Street)	D	38	PDR 50% Complete, Completion estimated 30 April 2023. Technical Assessments (i.e. Survey Hydrological studies ongoing)
5	Rehabilitation of Western Culvert in Orange Grove	E	73	Grouting /Void Filling completed. Concrete testing ongoing. PDR Review to be completed by 30 June 2023
6	Assessment and Rehabilitation of Sonneglands Dam	E	101	PDR Review to be completed by 30 April 2023, DDR to follow envisage completion is 30 June 2023.
7	Assessment and Rehabilitation of Lenasia Dam (to alleviate flooding on Peacock Street)	G	10	PDR Review to be completed by 30 April 2023, DDR to follow envisage completion is 30 June 2023.
8	Rehabilitation of Innersfree Park Tributary	E	91	Inception report under review, PDR stage to follow. Completion envisaged 30 June 2023.
9	Lombardy West, Pitt Road – missing link road	E	81	Ongoing – DDR 90% in progress
10	Bordeaux, 52 Main Street – Erosion protection	B	102	PDR stalled by JCPZ. PDR approved by R&S and EISD. BAR submitted to GDARD but rejected based on JCPZ comments in 2021.
11	Bordeaux, Valley Rd, Hamilton Park – Erosion Protection	B	102	Ongoing – DDR completed, EIA in progress
12	Cosmo City - New Link	C	100	Ongoing – PDR,

Item	Project Name	Region	Ward	Progress / Status
	Road			challenged by Gautrans on rejecting connection of the new link into their provincial road
13	Sandton, George Lea Park (litigation ongoing)	E	91	Ongoing – DDR being reviewed by R&S Planning. Experiencing challenges with design. Requested meeting with consultant on Friday 31 st March 2023 to resolve issues.
14	Ormonde View Golden Highway to Rand Show Road - New Link Road	F	56	Inception Report has been received on the 22 March 2023 and it is being reviewed
15	M1 - Double Decker Stormwater review – Design review	F	60	New Project, awaiting the appointment of Service Provider. (possible date 14 April 2023)

7 INFRASTRUCTURE DEVELOPMENT

As part of this report capex implementation of the following programmes will be included:

- Gravel Roads Upgrade to Surface Standards
- Stormwater Infrastructure upgrades and conversions

- Traffic signal upgrades (mobility and freight)

TABLE 1 : CAPEX WORK ON GRAVEL ROADS, STORMWATER

100 DAY ACTION PLAN			
PROJECT DESCRIPTION	REGION	CONTRACTOR'S NAME	Appointment Date of Contractors (Q3)
GRAVEL ROADS UPGRADE TO SURFACE STANDARDS INCL. STORMWATER			
MISCL - Tarring of Gravel Roads: City Wide-Thulani / Doornkop	C	Manong Construction	09.01.2023
Kanana Park Ext 1 (Housing)		Lesedi	12.01.2023
MISCL - Tarring of Gravel Roads: City Wide-Bramfischerville EXT 7 & 8(Housing)	C	Stonefound	16.01.2023
Kanana Park Ext 2 (Housing)		KPA Civils	06.01.2023
CATCHMENTS			
Emergency Stormwater Improvement Protea Glen	D	Lettam Building & Civils	09.01.2023
Conversion of Open Drains			
Conversion of Open Drains Orange Farm - Phase 2	G	Shonisani Rambau	11.01.2023
Emergency, Critical & Urgent Stormwater	City Wide		
Killarney Golf Course	E	Sihle Civils	09.01.2023

From table one above it can be seen that a total of 7 projects have commenced with works which are in Region C, D, E, G. These projects entail the Upgrade of Gravel roads to surface standards in Doornkop/ Kanana Park and Bramfischerville, The Upgrade/Improvements of Stormwater infrastructure in Protea Glen, The Conversion of Open Drains in Orange Farm as well as the erosion Protection of a stormwater channel in Killarney Golf Course.

Traffic signals are one of the most common and widely accepted forms of traffic control and affect the daily lives of virtually all road users. Traffic signals can be very effective in improving traffic flow and facilitating access. However, traffic signals can also cause significant frustrations if not functioning optimally or malfunctioning. To ensure proper functioning traffic signals it is imperative to upgrade traffic signals, which includes a range of different activities which amongst others include the following: -

- LED (Light Emitting Diode) upgrades – this includes the replacement of the Traffic Signal aspects with energy efficient LED aspects. Which contribute to reduced maintenance and electricity usage.
- A project was started where the traffic signals are connected to the nearby building's backup power(UPS) which allows the traffic signal to operate even during load shedding.
- Old cables are replaced with new cable to reduce outages due to cable faults, the new cable also use less copper in an effort to reduce theft.
- Remote monitoring is upgraded to ensure proper communication between the traffic signal and the head office staff to enable quicker fault identification
- Traffic signal controllers have a lifespan of 10 years, where after it becomes uneconomical to repair. The amount of faulty equipment also increases as the controller age
- Traffic signal detection is installed and upgraded to ensure optimised traffic flow.
- New traffic signals are installed at intersections that warrant traffic signal control

Below is a list of traffic signals that were upgraded since 3rd February 2023

Region	Ward	Street Name	Suburb	Project	Complete Date
F	123	ALBERTINA SISULU RD (BEZUIDENHOUT AVE) / MARKET ST & BEACON / LOWER PAGE ST / KRUGER ST	CITY AND SUBURBAN	Traffic Signal upgraded	2023-02 10:16
B	68	ALBERTINA SISULU RD (MARAISBURG RD) & KELVIN ST	INDUSTRIA	Traffic Signal upgraded	2023-04 12:50
F	124	ALBERTINA SISULU RD (MARKET ST) & FRASER ST	JOHANNESBURG	Traffic Signal upgraded	2023-03 08:08
D	12	ALEKHINE ST & PROTEA GARDEN SHOPPING CENTRE	PROTEA	Traffic Signal upgraded	2023-02 06:56

F	56	COMARO ST / OAK ST & VICTORIA ST / MIDDLE LN	OAKDENE	Traffic Signal upgraded	2023-02 10:53
B	87	COOKHAM RD & DITTON AVE	AUCKLAND PARK	Traffic Signal upgraded	2023-02 10:05

The Mobility and Freight focused on the recovery plan for traffic signals in the first 100 days of the MMC. Furthermore, the Department initiated the some of the programmes as identified in the ITS Strategy 2027.

In the 100 days, 43 construction activities have been executed at 37 signalised sites, inclusive of 12 vandalised sites which were repaired. Some of the specific activities includes

- 6 Controllers were installed
- 44 sites were re-cabled, and
- 116 pole overs were managed and different Installation of poles.

8.1 Electricity Connections through 3rd Party Back Up Power

- The JRA has embarked on a programme to request companies whom have excess power from their back up systems such as generators, batteries and solar to link our intersections closest to their building.
- To date 112 companies have showed interest in this campaign. Investec cnr Rivonia and Grayston has been connected already and working.
- Waterfall in Midrand will be connecting a total of 14 intersections and construction will be starting now in May.
- 28 Companies are at the stage of signing SLA's and a number of others are discussing the project internally.

8.2 Traffic Signals Challenges

Theft and Vandalism

- JRA has, in the past year, encountered a thorny situation of theft and vandalism, in addition to accident-based damages to traffic light infrastructure, across all 7 regions of the municipality.
- It is worth noting that theft, vandalism and accident damages on traffic light infrastructure contribute to traffic lights flashing red, as some are damaged with live electrical power, that may prompt electronic protective sensitivity of power electronic components of the traffic light controller.

Electricity supply to Traffic Signals

- JRA and City Power have a 5-year SLA that requires City Power to restore electrical power within 24hrs, unless the situation is beyond normal circumstances about which the information should be shared between the entities, while a long-lasting solution is sought.
- It has also been noted, over the past three years, that electrical power related faults contribute about 35 – 60% of the reported traffic light faults. Theft and vandalism also increase during load-shedding, probably because of no risk of electrocution and positive identification of thieves, especially at night.
- A number of our intersections are powered by Eskom more especially in the North and South. Communication with Eskom is still a difficult task as the focus maybe on other pressing issues for them. A number of times they have changed how we can interact with them. Before we used to have a dedicated contact person who dealt the with the JRA as an account, recently, they expect JRA to call on their call centre line and queue with the rest for service. Due to the nature of a call centre we tend to find a person who does not understand that an intersection is usually isolated from the residential addresses and they struggle to assist us. We have engaged with Eskom on number of times working towards a solution to this impasse.

Annexure A attached provide a detailed list on work done for the 100 days period

The Regional Operations department is responsible for the maintenance and repairs of roads and related infrastructure across the City of Johannesburg. The JRA manages a road network spanning +- 14 000km. Most of these roads have reached their useful asset life, as a result these have gone beyond their design life span for urban roads which ranges between 15 and 20 years. Most of the roads on our network are older than 30 years, and this raises serious issues about their condition, performance of the pavement, and the ever-increasing cost of maintenance. As a result, the cost of the backlog on roads infrastructure is estimated to be around R30 billion as per the 2022 calculations.

Ageing of infrastructure and funding constraints for overall infrastructure upgrade over the years have made maintenance and repairs of existing infrastructure more complex for JRA. This is coupled with inadequate and misconfigured pro-active maintenance over the years and lack of resources. The recent Covid-19 effects, flash floods experienced across the country and inclement weather is also worthy of noting and the exacerbating factor, and this caused immense infrastructure damage.

#	Challenges	Mitigation Plans	Timelines
1	Ageing Infrastructure	- Improve maintenance and rehabilitation	- Moving target
2	Inheritance of sub-standard works (i.e. Cosmo City development)	- Re-define roles and responsibilities. Org structure depended	- On going
3	Declining funding Model	- CoJ to relook at funding model	- On-going
4	Reactive vs Proactive maintenance	- Visual Condition Assessments done aligned to Technical guidelines (2 and 5 yearly). Next round in 2022/23 - Routine maintenance contracts for specific major routes.	- 2022/23 budgeting window

Table as per Planning unit.

In his quest to restore dignity and promote equal access to basic services and world class roads infrastructure for the residents of the City of Johannesburg, the MMC for Transport; Cllr. Kenny Kunene launched a city-wide campaign

Operation Restore.

The main objective of the campaign is to repair all service defects and leave the streets of Johannesburg clean, safe and in a good condition suitable for both motorists and pedestrians. It also aims at educating the communities about taking care of their surroundings and reporting all acts of vandalism and theft to the relevant authorities.

Annexure B attached provide a detailed list on work done for the 100 days period from all Regions under Regional Operations and includes details of the roads as well as the status thereof.

A summary of the work totals can be found below:

Achievements as per annexure A:

Activity	Number completed
Damaged / missing road barriers or guardrails repaired	269.40
Blocked Storm water kerb inlets (KI's) repaired	2477
Missing JRA manhole covers made safe and replaced	15
Damaged / missing regulatory road traffic signs replaced or repaired	315
Potholes repaired in the first 100 days	10406.01

The MMC was joined by the Johannesburg Roads Agency's Acting CEO, Mr. Louis Nel and Depots, in cleaning, painting, and repairing road in the following areas:

Region	Ward	Area	Activities	Remarks
E	105, 81 and 76	London Road	• Deep Patching and diverting of ground water. • Clearing of open stormwater structure • And desilting	The MMC indicated that he will revisit the site upon completion.
E	93 and 106	Bryanston	Pothole repairs, installation of subsoil drainage system	
G	122	Lehae	• Reconstruction of a collapsed stormwater channel. • Rehabilitation of the roads. • Construction of speedhumps. • Installation of new road traffic signs • Road markings • Resurfacing of slipway	The MMC indicated that he will revisit the site upon completion. Speedhump outstanding
G	17 and 18	Eldorado Park	• Deep Patching • Resurfacing • Potholes	Work has been completed

Region	Ward	Area	Activities	Remarks
			• KI Cleaning • Opening of stormwater channels • Road Markings	
A	133, 92, 77, 78	Ivory park, Kaalfontein	• Deep Patching • Resurfacing • Potholes • KI Cleaning • Opening of stormwater channels • Road Markings	Work has been completed
C	100	Cosmo City	RSD have begun to resurface identified critical roads. • Deep Patching • Resurfacing • Potholes • KI Cleaning • Opening of stormwater channels • Road Markings	Programme commenced on the 17th April 2023. Depots to commence on the 8th -19th May 2023

Asphalt Plant

The MMC had a walkabout between the Laboratory and Asphalt plant on the 9th February 2023.

During that visit he requested to see the plant and be taken through the operation process, including quality control processes. This was done through a demonstration method. Asphalt Plant also raised the challenges with bitumen supply which was further explained by the A/CEO and Laboratory noted the need for funding in terms of accreditation for the MMC awareness.

Dashboard for Regional Operations for 03 February to 03 May 2023 against Customer Service Standard Targets:

Kpi No.	Core Service	Service Level Standard Target	100 days	Achieved/non-achieved	Reasons for non-achievement	Actions to address non achievement by Regional Operations
1	% of damaged / missing road barriers or guardrails repaired from when a valid call is logged:	40% within 14 days	Total calls received within the period: 290.4 Total repaired within 14 days: 269.40 (92.77%)	Achieved	N/A	N/A

Then also further down John Vorster near Octave street. (These potholes are always really bad and are getting very bumpy driving along there) Can this section of road please be redone instead of filling each pothole. It would make better sense. Every time it rains the potholes re-open. Driving along Malibongwe Dr Linden Ext Randburg from South Rd tot 1st Street		REPAIR POTHOLES IN ROAD ON WEST STREET FROM FIRST STREET TO JUDGES AVENUE IN LINDEN

																Linden I noticed potholes beginning to form. It is a busy road but it can become particularly dangerous as cars need to swerve in order to miss these large potholes. This can lead to accidents of all sorts and today there was a massive hailstorm which can make this section extra dangerous as the potholes will be extra large. Regards André

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

REPORT ON THE PERFORMANCE HIGHLIGHTS AND KEY STRATEGIES DURING THE FIRST 100 DAYS OF THE TENURE OF CLLR KENNY KUNENE AS MEMBER OF MAYORAL COUNCIL IN THE CITY OF JOHANNESBURG

1. STRATEGIC THRUST

Good Governance

2. OBJECTIVE

The purpose of this report is to appraise the Member of Mayoral Council, Cllr K. Kunene of performance highlights and key challenges for Metrobus for the period of the first hundred days of his tenure

3. OPERATIONAL PERFORMANCE HIGHLIGHTS

3.1 Service Delivery and Budget Implementation Plan: Our Service Delivery Promise to the Citizens of Johannesburg

The entity contributes to the City's IDP Objectives by offering public transportation as measured through the average number of passenger trips per working day. Nineteen thousand three hundred and seventy eight (19 378) passengers trips were successfully completed against the target of fifteen thousand (15 000).

3.2 Service Standards: Our Service standard Promise to the Citizens of Johannesburg

The Service Delivery Agreement sets out five (05) service standards between Metrobus and the Shareholder. Metrobus achieved eighty percent (80%) on service standards at quarter 3. Details on the service standards are attached hereto as **Annexure C** of the Quarter 3 Performance Assessment Report

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

4. FINANCE

4.1 Enabling Service Delivery and Institutional Capacity

Awarded bids/finalised projects

The total number of projects to enhance service delivery during the first 100 days of the MMC of transport are six (08). These projects are as follows:

- TSD20/2021-2022: PROVISION FOR A SERVICE PROVIDER(S) TO PROVIDE SERVICES OF CERTIFICATE OF FITNESS (COF) FOR BUSES FOR A PERIOD OF THIRTY-SIX (36) MONTHS ON AS AND WHEN REQUIRED BASIS.
- TSD17/2021-2022: APPOINTMENT OF A SERVICE PROVIDER TO SUPPLY, INSTALL & MAINTENANCE OF BRAKE TEST MACHINES TO METROBUS FOR A PERIOD OF THIRTY-SIX (36) MONTHS.
- TSD 23/2021-22: PROVISION FOR A SERVICE PROVIDER FOR THE SUPPLY, DELIVERY AND COMPLETE OVERHAUL ENGINES TO METROBUS FOR A PERIOD OF THIRTY SIX (36) MONTHS AS AND WHEN REQUIRED.
- FIN01 2020-2021: PROVISION FOR A SERVICE PROVIDER(S) TO PROVIDE ADVERTISEMENT SERVICES AND RELATED SERVICES TO METROBUS FOR A PERIOD OF THIRTY SIX (36) MONTHS ON AS AND WHEN REQUIRED BASIS.
- CORP003 2019-2020: PROVISION TO APPOINT A PANEL FOR RECRUITMENT, SELECTION, PLACEMENT SERVICES TO METROBUS FOR A PERIOD OF THIRTY SIX (36) MONTHS AS AND WHEN REQUIRED.
- TSD007 2019-2020: PROVISION FOR THE SUPPLY AND DELIVERY OF BATTERIES FOR A PERIOD OF THIRTY-SIX (36) MONTHS ON AS AND WHEN REQUIRED.
- INTERIM AUTOMATED FINACIAL COLLECTION (AFC) SYSTEM HAS BEEN PROCURED.
- EYE ON THE BUS (CAMERAS) HAVE BEEN PROCURED.

Furthermore, the specification of one of the crucial project, **the procurement of buses**, has been finalised and the project would be soon advertised in the local newspapers, treasury website and Metrobus website

Expenditure on BBBEE and SMME's

The entity further exceeded the target for BBBEE expenditure and exceeded the target of supporting SMMEs. The total BBBEE expenditure is currently at R154 million and of that, an amount of R151 million was spend to a total of 118 SMMEs.

Keeping Metrobus Alive

Minimum reduction in operating budget during the 2022/23 budget adjustment period
During 2022/23 Budget Rebase the City wanted to reduce the budget by R129 million. With the intervention of the MMC of Transport this adjustment in budget was reduced to R62 million.

5. OPERATIONS, MARKETING AND COMMUNICATION

5.1 Media Profile and Coverage

Hitting the Ground Running: Visible Leadership on day 6...

CITY OF JOHANNESBURG

COUNCILLOR KENNY KUNENE

MMC: TRANSPORT DEPARTMENT

Media statement

Metrobus involved in serious accident - Date: 09 February 2023

During the last three financial years, Metrobus has maintained an almost clean record in relation to safety on the road. During this time the entity operated a total of 16 million kilometers without any serious injury or fatality. The entity measures its performance in this regard every quarter and is contracted with the City of Johannesburg Metropolitan Municipality to maintain zero fatality in its operations. Unfortunately, during the afternoon of 8 February one of Metrobus buses traveling along Edenvale Road en- route to Ghandi Square in the Johannesburg CBD collided with a truck. Fifty-Three (53) passengers including the driver of the bus sustained injuries. At this point, no fatalities resulting from this unfortunate occurrence have been reported.

I have instructed Metrobus to conduct a thorough investigation of the accident and to ensure that all affected commuters as well as the drivers are afforded all the support that they may require. More information will be shared following investigations. I wish all those who have been injured in this accident a speedy recovery.

I want to thank the honorable Mayor of Johannesburg, Councillor. Thapelo Amad for his support and encouragement of emergency personnel on the scene, and concern for all affected. My gratitude goes to the emergency services of the Ekurhuleni Metropolitan for

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

their swift and professional response and assistance. I also want to thank the management of Metrobus for the manner in which they supported all affected including the prompt transportation of all uninjured passengers to their respective destinations. My office remains committed to ensuring safe public transportation in Johannesburg and will continue to ensure that commuters can rely on Metrobus for provision of safe, efficient, and cost-effective public transport services.

MMC Kenny Kunene visiting by Ms. Queen Makgakga was involved in an accident involving the bus 2074, from village Main Depot at Edenvale with a truck and two additional vehicles. On the 08th February 2023 at approximately 16:30 pm, bus 2074 driven by Ms. Queen Makgakga was involved in an accident involving the bus 2074, truck and some vehicles. According to the eye witness Mr. Gavin (082 321 2162) the truck went through a red traffic light at a high speed leading to a collision with the bus and other vehicles.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

Cllr. Kenny Kunene visited the trauma ward where the driver was admitted at Milpark hospital following the airlifting ordeal on an emergency basis.

Internal Mass Memorial Service

Metrobus is a service-oriented entity responsible for moving fifteen thousand commuters daily, at the center of this mammoth task is diligent employees. During COVID-19 hard lockdown, the entity lost numerous employees between 2019 and 2020. Follow employees were not able to mourn the departed appropriately as per the traditions at Metrobus due to restrictions on gatherings. MMC Transport Cllr. Kenney Kunene led the entity in a mass memorial service

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

remembering all colleagues departed during the lockdown period bringing closure for numerous employee whose been secretly mourning and having been affected by the loss.

In attendance of the memorial was the entity's Acting Managing Director and his executives including employees across all three depots, families of the deceased from all walks of life. The mass memorial service was held at Roodepoort Depot.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

Board Induction

Transport MMC Cllr. Kenny Kunene facilitated a session of welcoming new board members at the Roodepoort Depot west of Johannesburg. The board induction placed emphasis on the challenges confronting the entity and paving a way forward on how to deal with the current challenges.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

5.2 Park n' Ride Initiatives

During Cllr. Kunene's tenure, Metrobus successfully secured the right to offer customised public transport on a park n ride basis during a significant imagine Dragon concert hosted at soccer city. Just over R450 000 was generated from transporting imagine dragon festivalgoers. The concert was followed by the Ultra 2023 concert at Nasrec Expo centre operating from our usual pick up points ie. *The Glen, Melrose Arch, Cresta and Clearwater mall*. The entity benefited from the event to a tune of R105 000.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

MEDIA PROFILE AND COVERAGE

Favourable brand associations remains a powerful brand building and publicity tool for several reasons, including enhancing credibility and winning public trust. Over the years, Metrobus has improved positive media and brand suitability rankings based on the organizational posture towards the market. The company has recently adopted a proactive media strategy, which makes information available to local, regional and national media platforms, conversion rate currently stands at 100 percent positive coverage.

The entity hosted the MMC's maiden media coverage, which led to a high impact positive media coverage as per the monitoring tool. The past three months, Metrobus brand had the advantage of getting people to pay attention to the brand & the service, while developing an emotional connection with both loyal customers and potential customers. Below are depictions of opportunities realized which resulted in positive coverage.

MMC Transport, Cllr. Kenny Kunene, Metrobus Acting Managing Director, Luyanda Gidini, Transport Executive Director, Mrs. Dorothy Mabuza and Acting JRA Chief Executive Mr. Louis at the MMC's Media briefing at Milpark Depot.

Kenny Kunene, the MMC for transport tables matters in his department with hopes to tackle the challenges.

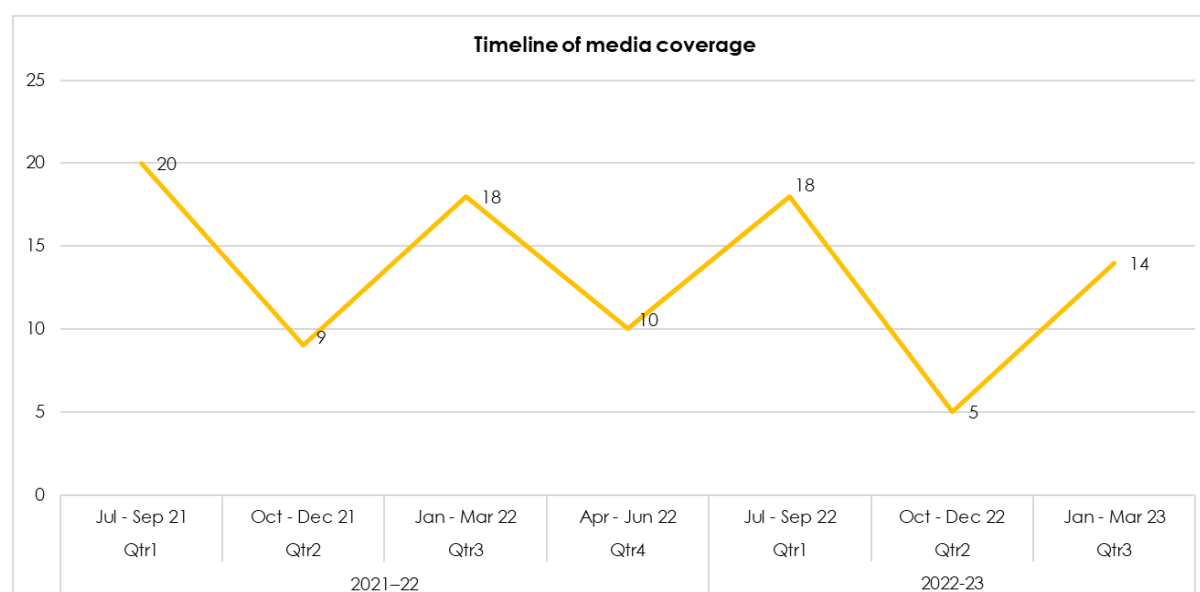

The City of Joburg MMC for transport Kenny Kunene, while tabling matters concerning Metrobus, JRA and Rea Vaya bus service this week vowed to prioritise the repair of potholes as well as to create jobs for youth who can direct traffic.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

for core departments and entities. Ornico, which provides reputation, media, advertising and brand research across the African continent, has been appointed by the city to handle media monitoring service in the next three years. By collecting and analysing media data across many channels, Ornico enables departments and entities to make sense of the flood of information that occupies the media space on a quarterly basis.

- Metrobus received 14 media items with an Advertising Value Equivalent (AVE) of R 295 295.06 between January and March 2023.
- This compares to five articles with an AVE of R 70 214.72 recorded between October and December 2022.
- Nine of the media items were neutral and the remaining five were positive.
- There was no negative coverage detected.
- Other coverage reported on Joburg MMC for Transport, Kenny Kunene, outlining the City's plans to improve public transport. Kunene also gave an update on the status of Rea Vaya and Metrobus services.
- There was also coverage of the February 8 crash at the N12 west Edenvale off-ramp where an articulated truck collided with several vehicles before crashing into the City of Johannesburg's Metrobus. The incident saw Metrobus issuing a statement, which revealed that the company has maintained an almost clean record in relation to safety on the road during the last three financial years.
- In other coverage, it was reported that Rea Vaya and Metrobus services were expected to be operational during the 20 March 2023 Economic Freedom Fighters' (EFF's) national shutdown.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

January – March 2023: Coverage was largely influenced by the MMC Transport media briefing and the call for national shut down campaign, which then placed demand on public transportation sector deliver services to the public not affected by the national shutdown.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

Metrobus participated on the **Randshow** 2023 edition, one of the country's most iconic events on the annual entertainment and exhibition calendar. It is, however, also a platform from which many businesses and public sector entities interact with thousands of customers and potential stakeholders in a relaxed environment.

Under the stewardship of MMC Kunene the entity attracted the interest of over 20 000 consumers at the show over a period of five days. The Executive Mayor also took the opportunity to visit Metrobus exhibition booth including the bus on display led by the Managing Director. Metrobus and other entities of the city took the opportunity to interact with commuters and joburg citizens at the show. Metrobus used the platform to promote the imminent digitisation drive from free WIFI in business to eye on the bus initiative.

Corporate Social Investment

Eldorado Park Old Age Homes

Collaboration with MMC Transport office for the benefit of senior citizens

As part of the entity's corporate social responsibility, Metrobus was requested to help transport pensioners and the elderly to the Joburg Zoo. The request came through MMC Transport Cllr.

FIRST 100 DAYS REPORT OF THE TENURE OF CLLR K.KUNENE MMC TRANSPORT COJ

Kenny Kunene on behalf of Eldorado Park community. The Entity's Acting Managing Director Mr. Luyanda Gidini release three buses to the delight of the elders. These are senior citizens housed in various old age homes with very little to do outside their guarded homes. Metrobus is proud to have been part of this excursion, once again extending the gratitude to the sister entity (City Parks and Zoo to allow free access to the elderly people.

The entity was proactive in alerting media (print, electronic, and online) of development regarding the new MMC Transport Cllr. Kenny Kunene's maiden media brief. Consequently, the entity's hosting of the media brief/launch led to excellent positive media coverage across media platforms. Our presence on social media platforms. Followers on Twitter increased at midyear (5.8k) of the 2022-23 financial year in comparison to the same period in the prior
