MEDIA STATEMENT: SPEAKER OF COUNCIL CALLS ON RESIDENTS OF THE CITY OF JOHANNESBURG TO PARTICIPATE IN THE DRAFTING OF THE 2024/25 INTEGRATED DEVELOPMENT PLAN (IDP) OF THE CITY OF JOHANNESBURG

The City of Johannesburg Metropolitan Municipality will commence with the Integrated Development Plan (IDP) meetings, aimed at engaging members of the community on various service delivery related issues that include but not limited to by-laws, proposed rates tariffs for trading services, and the medium-term budget. All of a municipality's short, medium, and long-term aims and objectives for social and economic development are included in an IDP. In order to facilitate everything from the supply of essential services to the development of infrastructure, better spatial planning, and even disaster management, IDPs are intended to describe plans for managing municipal budgets. That is why it is of paramount importance that members of the community participate in this process.

The IDP dates are as follows:

People-centred democracy places individuals at the heart of the political process, emphasizing their empowerment, participation, and well-being as central goals of governance. By prioritizing the needs and rights of the people, such a democratic system can foster a more just, inclusive, and prosperous society. The Speaker also encourages community-based media houses to cover the IDPs and, as members of the 4th estate, play a pro-active role in disseminating this critical information to keep residents informed.
