## City Power to host Electricity Imbizo in Tshepisong

**25 August 2026**

### City Power to host Electricity Imbizo in Tshepisong

Fresh on the heels of a productive Electricity Imbizo in Alexandra, City Power will host its second regional Electricity Imbizo in Tshepisong, with the Executive Mayor of the City of Johannesburg, Cllr Dada Morero, in attendance.

The Imbizo will be held on Thursday, 27 August 2026. It will be supported by the MMC for the Environment and Infrastructure Services Department (EISD), Cllr Jack Sekwaila, with City Power led by Acting CEO Charles Tlouane and his Executive team.

The engagement forms part of a series of regional Electricity Imbizos aimed at bringing City Power and the City of Johannesburg leadership closer to communities to address electricity-related concerns and provide updates on interventions aimed at improving service delivery.

The Tshepisong Imbizo will provide residents with an opportunity to engage directly with City Power and City leadership on electricity supply and service delivery matters, raise concerns affecting their communities and receive feedback on interventions being implemented.

The engagement will also focus on responsible electricity use, payment for services and the protection of electricity infrastructure.
