REQUEST FOR QUOTATION FOR THE APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT KING IV TRAINING, UPDATE THE EVALUATION AND RATING TEMPLATE FOR THE ASSESSMENT OF INTEGRATED REPORTS FOR THE MUNICIPAL ENTITIES AND PROVIDE TRAINING ON THE UPDATED TOOL

1. INTRODUCTION

The Group Governance department has been mandated to be the custodians of encouraging good governance practices in the City of Johannesburg. This is to ensure that Johannesburg becomes a vibrant, equitable African City that is strengthened through its diversity and a City that provides sustainability for all its citizens, a resilient and adaptive society.

The City's long term-strategy, the Joburg 2040 Growth & Development Strategy ("GDS 2040") outlines five outcomes, and Group Governance, as a member of the Governance Cluster in the City, responds to outcome 4. This outcome reads, '*A leading metropolitan government that proactively contributes to and builds a sustainable, socially inclusive, locally integrated and globally competitive Gauteng City Region (GCR)*'. The City envisages a future where it will focus on driving a caring, responsive, efficient and progressive service delivery and developmental approach within the GCR and within its own metropolitan space, to enable both to reach their full potential as integrated and vibrant spaces.

King IV builds on its predecessors' positioning of sound corporate governance as an essential element of good corporate citizenship. With the introduction of an 'apply and explain' regime, King IV asks organisations to be transparent in the application of their corporate governance practices. King IV reinforces the notion that good corporate governance is a holistic and interrelated set of arrangements to be understood and implemented in an integrated manner – good governance is not a tick-box or compliance exercise. King IV asks for mindful application of the King IV Code and for its recommended practices to be interpreted and applied in a way that is appropriate for the organisation and the sector in which it operates. Mindful application harnesses the benefits of corporate governance in the interests of the organisation.

In terms of section 121(1) of the MFMA, every municipality and municipal entity must prepare an Annual Report for each financial year. The purpose of the Annual Report is to provide a record of activities, report on performance against the budget and promote accountability to the local community for the decisions made throughout the year.

Municipal Owned entities find themselves in a unique operating environment whereby over and above preparing an Integrated Report in accordance with the <IR> Framework, they are still expected to comply with various prescriptive legislation such as King IV, Municipal Finance Management Act (MFMA) Circular 63, Municipal Systems Act (MSA) and Companies Act. As a result, entities may find it increasingly challenging to prepare a report that encompasses all the Guiding Principles as per the <IR> Framework.

"Integrated Reporting <IR> is a journey and it will take more than one reporting cycle to get there. As businesses start to use <IR> as a tool to better understand the connections between key resources and relationships that contribute to their success, and as a result make more informed decisions, the real value of integrated thinking and the integrated report will be realised."¹

The Integrated Reporting Committee (IRC) of South Africa expects that the practice of integrated reporting in South Africa will be widened following the release of King IV. This is because King IV's five sector supplements recommend the preparation of an integrated report to organisations that may not have been preparing them in the past. The supplements cover: small- and medium-sized enterprises, non-profit organisations, retirement funds, state-owned enterprises and municipalities.

¹ Paul Druckman, CEO International Integrated Reporting Council (IIRC)

It is advised that after the Integrated Reporting assessment tool has been updated to suit the King IV principles then a workshop with individuals within the ME's who are responsible for preparing, coordinating and compiling the Integrated Annual/quarterly Reports, the Company Secretaries and Group Governance assessors should be convened and the affected parties trained and given guidance on how to prepare and compile the Integrated Annual /quarterly Report.

Group Governance is in the process of advertising for 7 days for service provider as the estimated amount for the updating of the Integrated Reporting assessment tool for Municipality Entities (ME's) and the Group is less than R200 000.00.

Currently, Group Governance evaluates and ranks the Integrated Reports of the Group and 12 MEs in terms of the principles of the International Integrated Reporting Framework. Through this evaluation and rating, the entities and the Group are benchmarked against industry best practices and will be rated against each other and other corporations; which help to equip them in being contributors in ensuring that the City becomes a *well governed municipality that will result in an economically resilient City as envisaged by the GDS 2040*.

It is advised that after the Integrated Reporting assessment tool has been updated to suit the King IV principles then a workshop with individuals within the ME's who are responsible for preparing, coordinating and compiling the Integrated Annual/quarterly Reports, the Company Secretaries and Group Governance assessors should be convened and the affected parties trained and given guidance on how to prepare and compile the Integrated Annual /quarterly Report.

The Evaluation and Rating assists in building capacity within these entities by highlighting good improvements, gaps and providing mitigations to close the gaps identified.

2. OBJECTIVES

The training will assist with knowledge and know-how on the following:

- Promote corporate governance as integral to running an organisation and delivering governance outcomes such as ethical culture, good performance, effective control and legitimacy.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
