**SPECIFICATION AS FOLLOWS**

**DESCRIPTION: REQUEST FOR QUOTATIONS FOR A QUALIFIED SERVICE PROVIDER TO PROVIDE AMBULANCE SERVICES FOR 79 COJ HEALTH FACILITIES ON AN -AS -AND - WHEN REQUIRED BASIS WITHIN A PERIOD OF (3) THREE MONTHS.**

**1. OBJECTIVES**

To appoint a service provider for private emergency medical service provider (also referred to as private ambulance) on an -as -and -when required basis within a period of (3) Three months to render inter-facility transfers for patients with life threatening health conditions from the **79** Primary health care facilities.

**2. BACKGROUND****2.1 Summary**

The City of Johannesburg has **79** health facilities which provide a comprehensive basket of Primary Health Care (PHC) services. Currently, 47 of these facilities have extended the operational hours, opening earlier at 07h00 instead of 07h30 on Mondays to Fridays. Weekend is on Saturdays only.

In terms of PHC facilities' Norms and Standards, the facilities are expected to manage non-life-threatening health conditions and refer any patients with serious complications to the next appropriate level of care like Community Health Centre (CHC). Currently in the City of Johannesburg, the provision of Emergency Medical Services falls under the ambit of the Gauteng Department of Health (GDoH): Emergency Medical Services.

The Emergency Medical Services (EMS) are services dedicated to providing pre-hospital emergency management and care aimed at saving the life or lives of affected individual/s. The goal of emergency medical services is pre-hospital care and treatment and includes inter-facility transfer services.

However, the current Provincial EMS do not meet the City's Health department mandate on the provision of efficient and effective ambulance services. Several factors have been identified as potential causes for litigations and these include but not limited to, long waiting times which threaten the lives of patients in clinics, shortage of Provincial Ambulances that often lead to prolonged response times.

The request for the use of private ambulance services is an essential back-up support service to the health professionals at PHC level. In addition, the initiative brings consistent

EMS response to the PHC and the reduction of mortality rates within the City. In terms of responding to an emergency, the *“Golden Hour”* is critical in saving lives.

## **2.2 Reasons for the essential emergency back-up support service.**

The reasons for the request for the engagement of private EMS provider to render ambulance services are to:

- To save lives of patients/ people with life threatening conditions at PHC level.
- To reduce the challenges of the poor turnaround time of the ambulances within the City of Johannesburg. That has a potential to result in the loss of lives.
- To improve the quality of services to a “Best Practice” model.
- To contribute the reduction of mortality rates thus improving life expectancy of people with life threatening conditions especially the uninsured health care users.

PHC services are nurse driven and thus need for back-up is paramount in all efforts to save lives. The request is an interim measure while the Health Department is undertaking a process of competitive bidding to put in place a service provider for private provider to render the much needed and essential back –up ambulance services from the primary health care facilities in the City of Johannesburg.

## **3. SCOPE OF WORK**

The CoJ Health Department intends to appoint a private ambulance services’ provider to render emergency medical services including Inter-facility transfers from the City of Johannesburg Primary Health Care services.

- Intermediate Life Support (ILS) services as per the Health’s Profession Council Legislation
- Advanced Life Support (ALS) services as per the Health’s Profession Council Legislation
- Intensive Care capabilities would be an added advantage in the package of services provided by the Private ambulance service providers. This must be demonstrated in the submission however it does constitute a disqualifying criterion.

The service provider who applies for this contract must adhere and operate within the ambit of all relevant legislations and regulatory standards including but not limited to the National Health Act, and the Occupational Health and Safety Act also comply with the Board of Health Care Funders.

The prospective service provider is expected to:

- Transport patients who are referred to the next level of care.

- Provide a patient report form as proof that the patient was received at the next level of care.

**MBD9: CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
- a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

**<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.**

**<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
