

ADDENDUM: APPOINTMENT OF A SUITABLE SERVICE PROVIDER FOR THE JUNE 16 YOUTH MONTH 50TH ANNIVERSARY ACTIVITIES: EVENT MANAGEMENT, MARKETING AND STAKEHOLDER MANAGEMENT.

PRICING AND PROPOSAL SUBMISSION (VERSION 2)

It should, however, be noted that the successful bidder defines a business model that suits their operations, quality, cost-efficiency and cost-effectiveness should be at the centre of service delivery. The successful bidder is therefore cautioned to be mindful of costing in relation to their business models and the successful bidder will be expected to negotiate terms and conditions with their strategic partners and transfer part of the benefits to the City.

The successful bidder is expected to as far as possible, demonstrate proof of their business relations and alliances in order to give the City comfort that they will honour turnaround times and meet service delivery standards.

The City pays the successful bidder on presentation of valid invoices, and only after the successful completion of the event. The successful bidder is therefore expected to have sufficient funds to cover an event as no requests for upfront payment shall be entertained. Failure to deliver the required services as per the current deliverables, will result in the City reviewing the initial quotation and the successful bidder will have to amend the quotation for final invoicing.

Prices must be fixed for 2026, and VAT inclusive and should be quoted in South African currency.; Otherwise, the possible escalation should be clearly stated. A detailed schedule of the cost including an explanation of the services included as well as excluded should be provided.
