Department: **Metropolitan Trading Company (MTC)**
Position: **System Engineer (Permanent)**
Salary Range: **Market Related Salary**
Division or Cluster: **Operations**
Reports to: **IT Ops Manager**
Workplace: **Braampark**

BRIEF BACKGROUND OF METROPOLITAN TRADING COMPANY:

Metropolitan Trading Company (MTC) is an entity owned by the City of Joburg Metropolitan Municipality (the City) tasked with operating Johannesburg Broadband Network (JBN).

The aim of the JBN is to ensure the availability of affordable broadband connectivity throughout the City, which will support socio-economic development through accelerated growth, expanded productivity leading to enhanced quality of life for all. JBN is also aimed to lower the City's own operating costs whilst increasing access to telecommunications services for residents in the City. This will stimulate economic development in the City, reduce ICT costs and provide available broadband access to the industry.

The primary objectives of MTC are:
- To increase the competitiveness of existing businesses within the City.
- Increase the usage and penetration of high- speed broadband connectivity.
- Facilitate the growth and development of new and existing Information and Communication Technology (ICT) businesses.
- Improve the marketability of Joburg as an investment destination.
- Increase and accelerate access to the benefits of internet-based communication to achieve digital inclusion.
- Reduce the operating costs to the City and improve service delivery.

MTC is currently embarking on a recruitment process for the purposes of capacitating its resources to enable seamless operations.
